SIX TROOPS ENROL FOR RALLY STUNTS AT NEENAH FRIDAY

Keicher Urges Parents of Boys to Attend Valley Scout Demonstration

Six boy scout troops of Valley council, Boy Scouts of America, so far have volunteered to take part in the rally and demonstration at Roosevelt school, Neenah, at 7:30 Friday evening, Dec. 12. The troops are: Appleton, Neenah-Menasha, Kimberly, Little Chute, Kaukauna and other points are invited to be present, especially if they are parents of boy scouts.

Inspection of the troops by Capt. William Kuehl of Company 1, Wisconsin National guard, Neenah, will be the opening event of the program. According to plans of P. O. Keicher, valley executive. A review will follow and then the various troops will put on their stunts as a means of demonstrating scouting.

Troop 3, Menasha, will engage in drill, setting up exercises, knot tying and a compass game. Troop 9, Menasha, is to exhibit first aid No. 1. Neenah, a campfire stunt. Troop 2, Appleton, will do first aid work, troop 5, Appleton, bridge building and knot tying, troop 6, Appleton, demonstrating and explaining required knot tying and contest in tying speed. A campfire stunt is planned by troop 1, Kimberly.

The program will close with relay, potato and rescue races and a tug-of-war. This will be the first general gathering since Mr. Keicher took charge of the scout work and he expects at least 200 boys to take part. He is anxious to have a large number of the parents there.

The school is located at Forest-ave and First-st, Neenah, and the rally will be in the gymnasium.

SCHOOLMASTERS CLUB MEETS HERE FRIDAY

Fox River Valley Schoolmaster club will hold its first meeting of the season Friday evening, Dec. 12, in the Crystal room of Conway hotel. It will open with a banquet at 6:30 and will be followed by a discussion on teacher training and teacher supply. The musical part of the program will be in charge of Carl McKee.

Here Are Hunches On Kind Of Apples To Buy This Fall

Housewives are advised by fruit specialists at the agricultural experiment station about the kind of apples to buy for eating purposes or for cooking. Using the variety of apples best suited for a particular purpose will give much greater satisfaction than buying "just apples," declare the station specialists.

"When you buy your supply of apples this year, make it a point to call for those varieties which have special virtues at certain times of the year," says the statement. "For example, if you desire a fancy eating apple, ask for the McIntosh. This is perhaps the finest dessert apple grown, being juicy, crisp, white-fleshed, and having a pleasant aroma. Incidentally, it makes beautiful white apple sauce. Or if you want an apple that is good to eat and which at the same time bakes well and makes good apple sauce and delicious pie, ask for the Rhode Island greening, which is at its best in December, January and the first part of February. The Baldwin is another variety with the same qualifications and is in season from January to March. Not only is it a good all-around family variety but it is usually one of the less expensive sorts."

"Perhaps the favorite apple for particular people is the Northern Spy. It is a bit more expensive than the other varieties, because it is not easily grown and the supply is relatively short, but it is prized so highly that many are willing to pay a premium for it. It is in season from January to March, and is rated as perfect both for cooking and eating."

"The Delicious is a crisp, juicy variety, rather coarse-fleshed, but highly aromatic. It is not rated especially high in quality but it is attractive to a great many people who desire a mild-flavored apple for eating purposes in December. It is not valued for cooking. For those who like a more sprightly apple of a little longer season than the Delicious, the Jonathan is to be recommended. For later in the year, February to April, the Yellow Newton is an excellent variety. Most apples by this time have lost their flavor and are more or less 'flat.' The Yellow Newton is one of the few sorts that retain their bristly flavor."

"Finally for those who wish to put away a bushel of apples for use at any time from December to April, and for any purpose, the Rome Beauty is suggested. It is not of high quality, but it is a good, mild-flavored sort which keeps well, is good for general culinary use and is fit for use over a long period."

STATE LAWS C. C. CONFERENCE TOPIC

Freight Rates Also Will Be Discussed at Conference Dec. 15 at Wausau

Legislation, traffic and unified activities for the upbuilding of Wisconsin will be the chief topic of the meeting of officials of chambers of commerce of Wisconsin Dec. 15 at Wausau, according to the program which has been drafted by Appleton Chamber of Commerce. This city sponsored the movement for the state conference.

All traffic managers have been invited to the meeting as well as presidents and secretaries. A. C. Remley, president and Hugh G. Corbett, secretary, of the local chamber plan to attend. They will be accompanied by R. G. Wort, traffic expert who has represented Appleton at the recent freight hearings in Chicago.

Wisconsin Association of Commercial Secretaries will hold its winter meeting in the morning and the presidents' gathering will start with a luncheon at 12:15. A. L. Putman of Chippewa Falls, president of the secretaries' association will preside until a chairman is named.

Phil A. Grau of Milwaukee, will speak on Closer Cooperation Among Commercial Associations. William J. Anderson of Madison, on Preparing a Legislative Program, and Ray O. Wiker, Delevan, on Looking Ahead. A. E. Solie of Wausau, will take up the freight increase fight and traffic matters in his talk.

Catlin Speaks to Gridlers Mark S. Catlin, Lawrence coach and football mentor, spoke at a banquet in West Allis Saturday night on the "Ethics of Football as Applied to Life." The meeting was in honor of the West Allis High school football boys. Four hundred were present.

Truant Officer Has Little to Do in Month Before Christmas, Pfeil's Report Shows

Approach of the Christmas season has acted as a great stimulus to school attendance. Truancy is practically unknown this month, according to J. C. Pfeil, truant officer. Even during the month of November there were only two cases of truancy of the 36 cases of non-attendance reported for investigation. The day before Thanksgiving day during which gifts were distributed among the poor also brought back to school two pupils who had been kept out of school. Although there were only two pupils who played truant last month, 20 others were kept out of school through negligence of parents, and there were 14 other cases of non-attendance investigated. The usual number of truants reported each month is about seven or eight.

TRACTION COMPANY TEARS UP ABANDONED CAR LINE

The Omro-Oshkosh interurban line, which was abandoned some months ago because it was not a paying proposition, has been dismantled. Workmen have completed the work of tearing up the rails from Omro to the city limits of Oshkosh. The wooden ties are taken by farmers who cut them into firewood and the rails are conveyed to Oshkosh and sold for scrap.

Modern Incandescent lights have about four times the efficiency of those of 18 years ago, experts say. Paper from the mulberry tree is now made into various flexible and durable garments.

Whatever your favorite radio set may be you can have it in a Victrola

Every prominent manufacturer of radio equipment has offered to make radio sets which might be built into Victrola instruments. But with so many excellent radio sets on the market we are unwilling to limit our customers' freedom of choice—unwilling to commit them to a built-in proposition which is likely to become obsolete.

Instead we have so modified the construction of our instruments that virtually any of the more reliable radio sets may be installed as a complete unit ready to operate as soon as delivered.

In this way our customers may combine the radio set they prefer with the Victrola, the one instrument which in giving them the music of their own choice at whatever time they may choose to hear it offers such a service as has never yet been equalled.

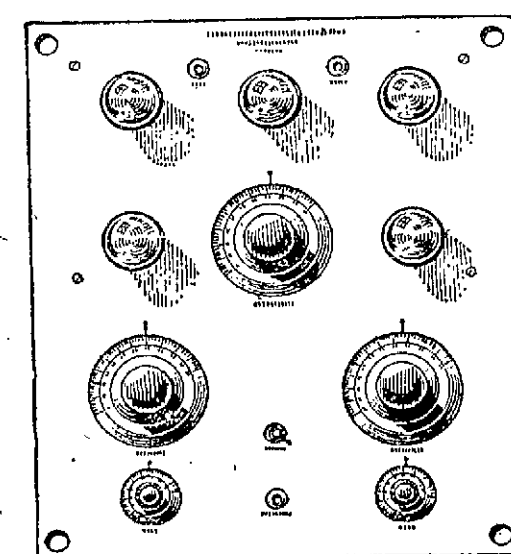

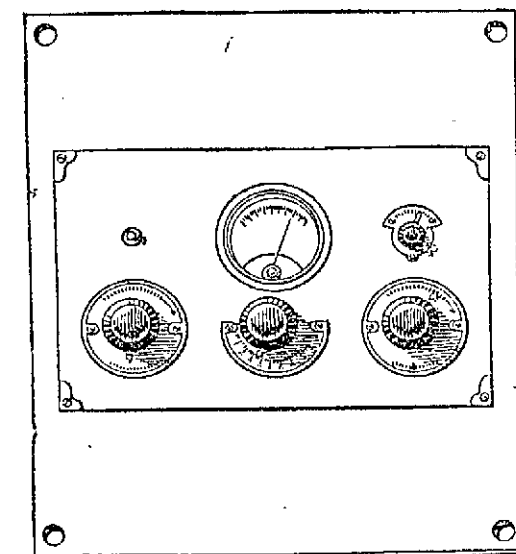

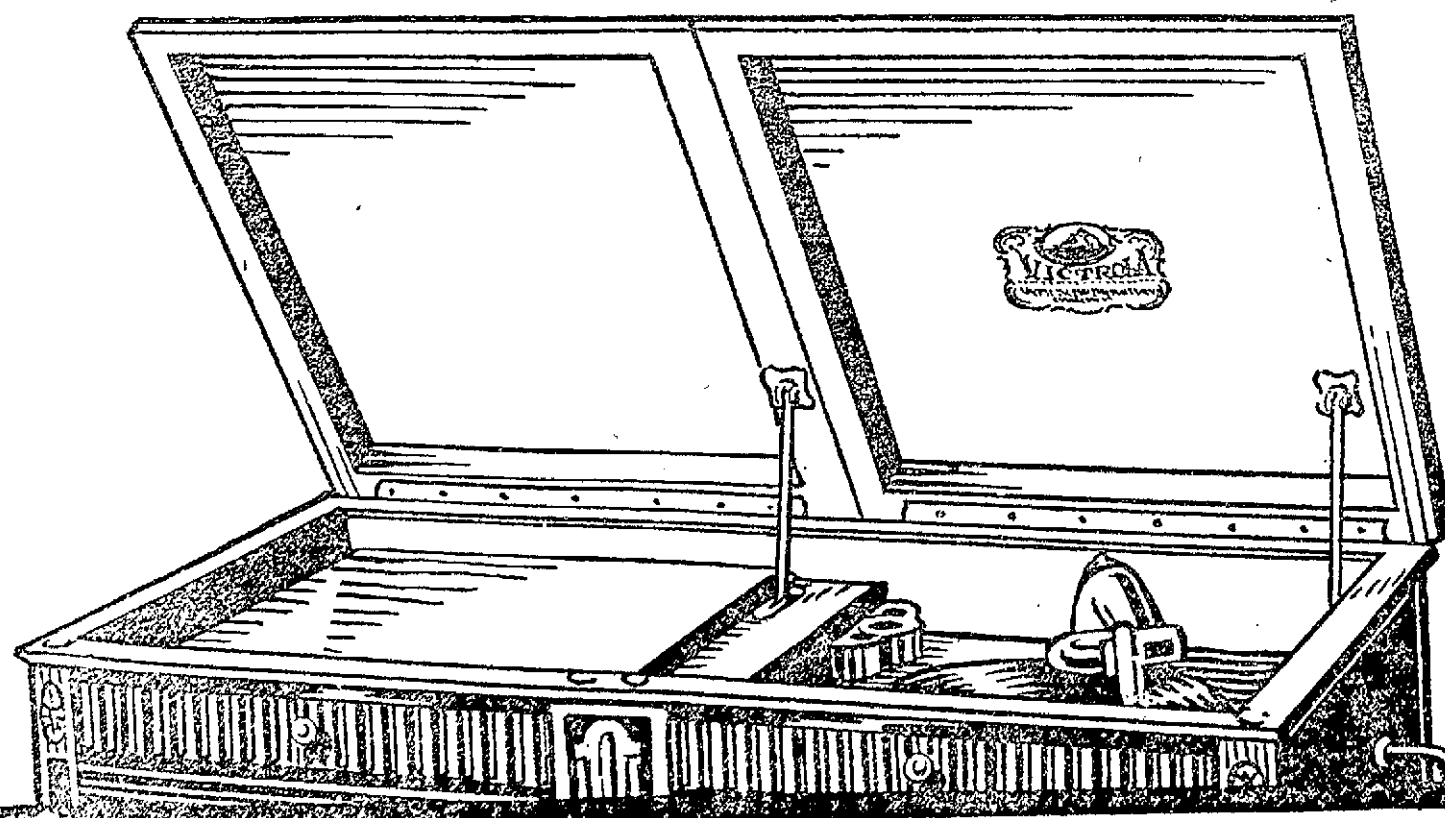

There is but one Victrola and that is made by the Victor Company

TRILLING IS HEAD OF MASONIC ORDER

Joint Installation with Royal Arch Masons Is Under Consideration

Menasha—William G. Trilling was elected worshipful master at the annual meeting Monday evening of John A. Bryan lodge, Free and Accepted Masons. Other officers are Ernest Peters senior warden; Dr. G. W. Loomans, junior warden; H. C. Sutton, secretary; J. D. Page, treasurer. The other officers are appointive and will be announced later. The Royal Arch Masons will elect their officers next Friday evening and it is possible a joint installation will be held the latter part of the month or early next month.

SOCIAL ITEMS AT MENASHA

Menasha—Mrs. Fisher was hostess Monday evening to the Study club. The program was: Roll call, Current Events, club: Hundred Years War, leader, Mrs. Schultz; table talk, Topic of the Hour, leader, Mrs. Brooks; reading, humorous selection, Miss Lucy Northrup.

John Suess was elected president of St. Joseph society Monday evening at the annual meeting at St. Mary school hall. Other officers are Gustav Fahrnkruug, vice president; Simon Resch, recording secretary; John Weibrun, treasurer; Vilus Pack, trustee; Joseph Altenhofen, marshal; Joseph Prucknoffski, steward.

The Delphian club held its semi-monthly meeting at the public library Monday afternoon. Dramatists, fore-runners of Shakespeare, particularly Marlow and Campese, were studied. Selections from "The Jew of Malta" was read.

Thirty-five men of the Congregational church attended the monthly fellowship dinner Monday evening in the church parlors. An informal discussion on several topics followed. Preliminary arrangements were made for organizing a fellowship club.

MENASHA PERSONALS

Menasha—Miss Margaret Fish has gone to Milwaukee to resume her former duties with Nash Motor company.

Miss Marie Wirtz, stenographer at the office of John Strange Fall company, is confined to her home with a severe cold.

Mrs. R. M. Jacobs is visiting Milwaukee friends for a few days.

YOUNG MEN PROPOSE TO ORGANIZE SOCIAL CLUB

Menasha—A meeting of the young men of St. Mary parish will be held at St. Mary school hall Tuesday evening for the purpose of discussing the organization of a young men's social club. The meeting was called by the Rev. Father Weix, assistant pastor, who is sponsoring the project. In the event an organization is effected the members will have a place where they can spend their leisure time at cards and billiards and other amusements. It is possible a series of entertainments will be arranged. The parish has been without a club of the kind for several years.

MENASHA RESIDENT DIES AFTER ILLNESS OF 2 YEARS

Menasha—Peter Suess, 54, died Tuesday morning at his home 340 Second-st., after two years' illness. He was born at Leroy, Dodge co., Wis., and moved to Menasha with his parents, where he resided continuously until his death. He is survived by his widow, two sons, Leo and Gregor, Menasha; four sisters, Mrs. Katherine Kelly, Mrs. Frances Schmitzer, Mrs. Rose Burroughs, Menasha; Mrs. Anna Neukirch, Issaquah, Wash.; two brothers, Theodore and John, Menasha.

RAILROAD AGENTS WILL HOLD MEETING AT MENASHA

Menasha—Traveling freight and passenger agents of the railroads of this part of the country will hold a banquet at Hotel Menasha Tuesday evening, Dec. 16 which will be followed by a business session. Covers will be laid for approximately 40.

MOTOR IS REPLACED

Menasha—The motor operating the drinking fountain in front of the Deep-Rock filling station at the corner of Main and Tayco-sts., which burned out last week, was replaced Monday and water is again being provided the people of that part of the city. The fountain is extensively used also by tourists during the summer season.

DRUNK PAYS FINE

Menasha—Roy Jensen appeared before Judge John Chapman Monday charged with being intoxicated. He was fined \$10 and costs.

GETS BUSINESS BACK

Menasha—Fred Murrell, owner of the Coffee Shoppe on Main-st., who recently sold his other restaurant to Oshkosh parties, has taken it back and is now operating both.

ACCIDENT VICTIM STILL IN HOSPITAL

Harry Brice Suffering from Hemorrhages as Result of Auto Wreck

Neenah—Unexpected complications from injuries to Henry Brice, rural route 10, Oshkosh, who is confined in Theda Clark hospital. Mr. Brice was in an auto accident on Highway 15 Sunday morning and was taken to the Neenah hospital in an unconscious condition. At that time his injuries did not appear serious but reports Tuesday morning from the hospital are that his condition is only fair. He is suffering with hemorrhages thought to be caused by concussion of the brain. Alvin Terpi, who was injured in same accident, is much improved and soon will leave the hospital.

NEENAH SOCIETY.

Neenah—Arthur Haskins will lead a discussion of current events at a meeting of Fraternity club. This meeting will be held Tuesday evening following a dinner at the Methodist church.

Although St. Valentine day is two months away it will be observed in the Twin cities. At a meeting of heads of the three military organizations Monday evening in Co. I armory a committee of five from each was appointed to arrange for a dancing party.

M. M. degree was conferred Monday upon four candidates at a meeting of Elks lodge of Masons. Work was started at 3 o'clock in the afternoon by Oshkosh lodge No. 27. A delegation of 100 Oshkosh Masons attended the event, assisting in the special communication. Dinner followed the work.

With P. J. Krautkramer as chairman and Arthur Little assistant, the third number of Elk social calendar will be given on Wednesday evening. The affair will be a meeting, stag and card party for members followed by a lunch.

Miss Kate Patzel, Bond-st. will be hostess to Victory club members Tuesday evening. Cards will be played and luncheon served.

BUSINESSMEN MEET TO TALK OVER PROBLEMS

Neenah—Businessmen will gather in Valley Inn dining room Wednesday noon for the monthly dinner and business session. At this meeting matters of importance to business men who are association members will be discussed.

JUNIORS CONDUCT PROGRAM

Neenah—Junior class members will have charge of the annual Christmas program to be given at high school. Special numbers are being arranged for presentation on the afternoon of Dec. 19, which is the beginning of the holiday vacation.

NEENAH URGED TO ADD POLICEWOMAN TO ITS PAYROLL

District Attorney Allen Declares City Should Have Woman Officer

Neenah—A woman police officer may be added to Neenah's police force in response to a plea by District Attorney D. K. Allen, Oshkosh. Mr. Allen spoke Monday before Neenah's club at its weekly luncheon. Claiming that young girls need the attention of a woman officer to work, he suggested steps should be taken to appoint one. Mr. Allen, during his talk, cited a case of a 15-year-old girl in Neenah who needed advice and attention of a woman at the present time and that this was only one case in several in this city. The country workhouse now opened, was discussed as a probable place for the bootleggers and saloonkeepers selling illegal wares.

NEENAH WON'T BE IN HOCKEY LEAGUE

Neenah—Hockey has virtually been abandoned for this season in this city. This is a report from members of last years team who were expected to organize a team again to represent Neenah in the valley league. Reasons given are failure of the people to support the team. At the finish of the season team members were compelled to pay some expenses from out their own pockets and do not care to do this again. Neenah has some good men in this game. Appleton, Kaukauna, Green Bay, Fond du Lac and Oshkosh will have teams in the field again this season.

TWO MEN BRUISED AS CAR GOES INTO DITCH

Neenah—While returning from Amherst Monday night, the car of Joseph Cimbalo became unmanageable on slippery roads and went into the ditch. Mr. Cimbalo was thrown out, suffering bad bruises on his hip. Mac Seroogy who was with him also was bruised. The car was badly damaged.

ARCHITECT LOOKS OVER SITES FOR NEW SCHOOL

Neenah—John O. Chubb, Chicago, architect, who has charge of Neenah school matters, who will draft plans for a new high school, is in Neenah to look over new school sites in the First

88 STUDENTS IN SENIOR CLASS OF KIMBERLY SCHOOL

Seniors Get Class Rings on Monday—Largest Class in History

Neenah—Eighty-three young people are members of Senior class of Kimberly high school this year. Each student received a class ring of neat gold and black enamel design, on Monday. If all of the class graduates it will be the largest class ever finishing the Neenah school.

Members of the class: Ruth Anderson, Larson; Grace Ashlev, Dorothy Seidle, Elizabeth Blank, Margaret Boelter, Blanche Bros, Freda Bussan, Elmer Bylow, Helen Casper, Crystal Collins, Elsie Cook, Isabel Dallman, Helen Frederickson, Bernice Haase, Thelma Hebler, Sarah Heneberry, Mary Hilton, Ruth Holz, Mabel Jensen, Esther Jones, Lila Knutson, Florence Koepsel, Hortense Kunschke, Mildred Lane, Leona Luecke, Lois Luther, Irene Miller, Larson; Lucille Miller, Carrie Moore, Verena Murphy, Dorothy Newcomb, Alice Rausch, Edith Sanda, Marguerite Selms, Catherine Sommers, Irma Strey, Mary Tauber, Ida Thomack, Anna Thompson, Phyllis Walton, Adeline Zemlock, Harold Arneemann, Kenneth Asmus, Aloysius Ayers, Clarence Bredendick, Huron Brien, Lawrence Drier, Ronald Foth, John Handegysle, Vernon Hanson, Francis Hatton, Stewart Hooper, Harold Hoyman, Charles Hrubecsky, Harold Jones, Newland Jones, James Keating, Neal Klausner, Herman Koerwitz, Robert Maas, Reinhold Matheson, Glenn Nash, Elmer Nelson, Donald Olson, Waldemar Olson, Wesley Olson, Bryce Ozzanne, Arthur Parker, George Parkor, Lyle Parmenter, Amherst, Harry Pinglo, Harland Richardson, Robert Rusch, James Ruthven, Louis Schmidt, Harold Seager, Donald Severson, Orville Stimes, Frank Thake, Paul Werth, Robert Westphal, Henry Wismer, Larson; and William Zinn.

BOWLERS LIKE TOURNNEY FOR MEN AND WOMEN

Neenah—Another mixed doubles tournament will be held Sunday night, Dec. 14, at Neenah alleys. A short time ago one of these tournaments was conducted and made a hit with local bowlers so they have requested that the affair be repeated. This tournament is open to all bowlers.

ward. He will meet with the school board at a special meeting Tuesday evening for purpose of talking over plans for a school building which this city is to build.

Zuelke Opens One Of Finest Music Stores In State This Week

Living Zuelke will formally open one of the finest music stores in the state on the 10, 11 and 12. Mr. Zuelke opened a photograph and piano store in the Appleton State Bank building in 1917. Four years previous to this he had opened a store in what is now the Conkey Building. About six months ago Mr. Zuelke purchased the Wm. H. Nolen business and moved into the Nolen building on Chisholm. Shortly after this plans for the new building on the corner of the southeast and Chisholm were started. The music store will occupy the basement, first and third floors of the building. The business offices will have the second floor. An elevator with a capacity of 2,000 pounds connects the basement and the third floor.

The reception room on the first floor is decorated in old ivory, lavender and gold, with imported crystal lights, trimmed with silver. Two hallways for small instruments and violins are on the main floor. Drapes of lavender and gold and many mirrors are used for decoration. Two booths in which customers may hear records are on the main floor, connecting directly with the second room, which is not visible from the reception room. Seven booths are built in the basement. An elevator for records connects the basement booths with the record room on the main floor. The room

for automatic piano rolls and the repair room also are in the basement. The band instrument room, radio room, phonograph room, recital hall and grand piano room are on the third floor. A small room, called the music room, on the third floor will be used to demonstrate pianos and other instruments so that prospective buyers may know how they will sound in smaller rooms.

The piano room, 30 by 60 feet, is used exclusively for pianos. At the head of this room is a decoration of the Imperial Cross of the Legion of Honor, the distinction conferred by Emperor Napoleon III, on the Chickering piano. Five crystal lights, like those on the main floor will light the room.

Recital hall, which is occupied by Mr. and Mrs. J. F. Bannister, the artistic producers, will be used by the

TURKEY DINNER WILL BRING 'EM TO MEETING

A turkey dinner will be served at the annual meeting of the Appleton Master Builders association in the clubhouse in the insurance-bldg Tuesday evening. The following officials who were elected at the last meeting will be installed: John Leonhardt, president; Robert Schultz, vice president; Lawrence H. Koepke, secretary; Louis Waltman, treasurer, and Charles Wilkner, trustees for three years.

store on Saturday afternoons and evenings. This hall is 25 by 60 feet.

Christmas every year, Glavilux only once.

Miss Dawes Is Elected Head Of C.E. Society

Miss Dawes was reelected president of the Christian Endeavor society of First Congregational church at the meeting Sunday afternoon in the church. Other officers elected were Harry Leuth, vice president; Nanna Johnson, secretary; Albert Madsen, treasurer. Chairmen appointed for committees of the society were: Program, Dorothy Small; service, Roger Bond; missionary, Minnie Van Wyk; efficiency, Gladys Matthes; social, Harry Snyder; membership, Jessie Small.

BUY MORE EQUIPMENT FOR VOCATION SCHOOL

It was decided to purchase new equipment for the home-nursing course at the meeting of the vocational school board Monday noon at the school. A discussion was held on the efficiency of the oil-burner heating system recently installed. A report was given the outstanding work of the school so far this year. A Christmas dinner was served by the household arts course.

BUILDING PERMITS

A building permit for the construction of a private garage was issued from the city hall on Monday to George Loos, 543 Oneida-st.

JUDGE HEARS PETITION TO ADMINISTER ESTATE

Among the hearings scheduled for the special term of county court opened by Judge Fred V. Heineman Tuesday morning is that of a petition for administration of the estate of William Patzold who died intestate. Claims were to be heard also in the matter of the estates of Anna Kreutzberg, John Nieland and Charlotte Schwemmer, and final account was to be rendered for the estates of Frank Culbertson, Lucy Frieders and Catherine Fechter.

KIWANIS EAT NEAR EAST LUNCH WEDNESDAY

The Kiwanis club will have a "starvation lunch" Wednesday noon at Appleton Women's club. The club members plan to spend a minimum amount of money on their lunch, and have decided to donate the balance to the Near East Relief fund.

Guy Marston is chairman of the program for this week. A vaudeville stunt is scheduled.

Dog Bites Man

Andrew Etten, 914 State-st, was bitten by a dog Monday, but the bite was not serious as the man was protected by heavy clothes. The dog belonged to Adam Schabo, 860 Pacific-st.

FARMERS MEET TO DISCUSS PROBLEMS OF DRAINING LAND

Highway Drainage Also Will Be Considered at State Convention

Relief from the floods that drowned hundreds of acres of Wisconsin cornfields will be the keynote of the tenth annual convention of the Wisconsin State Drainage association in the Agricultural Engineering bldg. of the Wisconsin College of Agriculture at Madison on Dec. 9, 10, and 11.

The convention will be attended by L. M. Schindler, Appleton, who is the engineer for the Outagamie-co drainage board and who in November was elected county surveyor. Herman Wiekert, a member of the county drainage board, also might attend.

Considerable labor is wasted in fields made three corners by the encroachment of a marsh, and labor is entirely lost on the wet spots in cultivated fields. It is pointed out, squaring up the fields and draining the wet spots is the aim of the state in order to save labor, reduce the cost of production and change loss to profit. Many spots cannot be drained without crossing the line fence with the outlet. Draining through the adjoining property is a subject that will be one of the features on the program.

The drainage of highways also will receive attention at the convention. Professor W. J. Schilek of the engineering experiment station of Iowa will tell why and how they do it in Iowa, while J. Donaghey, state highway engineer of Wisconsin will tell why more of it has not been done in this state. Iowa believes that a line of tile under the shoulder on each side of a gravel road lengthens the life of the surfacing.

Other numbers on the program are Constructive Drainage Legislation by B. M. Vaughn, Wisconsin Rapids; Ditches Cleaned With Pyrotol, by John Svencenart, Paving Marsh Land, by F. W. Duffee, Reutilizing Work on Marshes, by O. Zeaman, Relief of Delinquent Drainage Districts, by E. R. Jones and Attorney General H. L. Ekern; Repairing Open Ditches and Stopping Ditch Erosion, by J. J. Degen of Burlington and P. H. Hintze of Madison.

L. S. Kesley, Mayville, is president of the association, and E. R. Jones, Madison, is acting secretary. The membership of about 1,000 is made up of farmers interested in drainage, farm drainage boards, drainage commissioners, drainage engineers, attorneys and contractors.

OSBORN CHILDREN SEND GIFT TO PORTO RICO

Pupils of Golden Rule school in the town of Osborn carry on a regular correspondence with pupils of a school in San Juan, Porto Rico. The Outagamie-co pupils last week sent their Porto Rico friends a five-pound box of candy as a Christmas present. Golden Rule school is taught by Miss Pearl Stark, while the school at San Juan is taught by Sister Cupertino, who is an aunt of Miss Stark.

FIX DAMAGES FOR POWER LINE POLES

A commission of appraisers of Calumet-co who were appointed to fix the damage to three farms of that county which are crossed by the transmission line of the Northwestern Power company made its report last week and fixed the damages as follows: For installation of two "H" frame set tings, on the Margaret Wittman farm \$325; three set tings, one with head guv, Frank Dietzen farm, \$315, seven set tings, one with side guvs, two without guvs, on the John Dietzen farm, \$713.

Arguments by attorneys in the eight farms in Outagamie-co for similar purposes were completed at the Appleton courthouse on Saturday. The appraisal commissioners will make their report on the eight prop erties shortly.

CLAVILUX IS NEW ART, COLLEGE STUDENTS TOLD

Lucy Helen Pearson, director of the Appleton Women's club explained the Clavilux to the college students in chapel assembly Monday. Thomas Wilfred is bringing the Clavilux to Appleton on Wednesday under the auspices of the club.

Ms Pearson, after describing the Clavilux as a new art, said that this would probably be the only time that the people of Appleton would be able to see the apparatus created by the inventor himself. Wilfred will retire next year to perfect the instrument, and pupils will be sent out to exhibit the machine.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nos trils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head soothe and heal the swollen inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what even cold and catarrh sufferers have been seeking. It's just splendid. adv.

COUNTY MOTORCOPS MADE 202 ARRESTS ON COUNTY'S ROADS

Fines Collected from Traffic Law Violators Did Not Quite Equal Salaries

Fines collected from speeders arrested by Outagamie-co's three motor cycle officers this season did not make up for the salaries paid the officers. The fines on speeders amounted to eight less than \$1,700, whereas the salaries for the officers were fixed at \$2,400. Not all of the money was used, however, since for two months of the six the county had only two men on duty.

All arrests were made under the new county motor vehicle ordinance passed last fall and consequently the fines collected flowed into the county coffers instead of the state treasury as in former years.

The trio of officers made a total of 202 arrests during the six months of the season which closed a month ago. Of this number 169 were speeders, most of whom were apprehended while driving at a speed greater than 40 miles an hour. The other arrests were 12 for having mufflers open, and four for breaking through barricades.

Frenzli is credited with 53 arrests for four months work as follows: June 21, July 34, August 22, September 11. Officer Allen Kaufman made 61 ar rests, of which there were 2 in May, 17 in June, 15 in July, 16 in August, nine in September and two in October. Wilbur Boggs's 53 arrests were 3 in May, 9 in June, 19 in September and 8 in October.

PROMINENT MASON DIES SUDDENLY IN OSHKOSH

By Associated Press
Oshkosh—Jesse D. Carr, aged 70, died suddenly at his home here Sunday morning. He was a thirty-third degree Mason and had served as the executive officer of each of the local branches of the Masonic order, as well as being for a number of years the secre tary treasurer of the board of trustees of the Masonic bodies.

Mr. Carr was a cousin of Eugene Cair, 802 Appleton-st.

On closed roads, nine for driving auto-mobles with insufficient lights, seven for reckless driving and one for driv ing while intoxicated.

July was the most active month for the officers, for 49 arrests were made and June and August were tied for second place with 47 arrests each. September produced 39 arrests, and May and October each 10. It was in May and October that only two mo torcycle officers were on duty, for Officer Jack Frenzli did not go on duty until June and resigned on Oct. 1.

Frenzli is credited with 53 arrests for four months work as follows: June 21, July 34, August 22, September 11. Officer Allen Kaufman made 61 ar rests, of which there were 2 in May, 17 in June, 15 in July, 16 in August, nine in September and two in October. Wilbur Boggs's 53 arrests were 3 in May, 9 in June, 19 in September and 8 in October.

C. C. REQUESTING NEW LEGISLATION

Eight major projects will be pre sented to congress for consideration by the Chamber of Commerce of the United States, according to the De cember Business Information bureau bulletin just issued to members by Appleton Chamber of Commerce.

This program of legislation in cludes: Repeal of income tax pub licity, creation of national tax commis sion, declaration of policy concerning trade associations, establishment and carrying out of merchant marine policy, development of waterways, an immigration commission, exten sion of the budget system.

The bulletin also contains the resolution concurred in by the Apple ton chamber and adopted by western shippers asking a full investigation before railroad rates are increased. Manufacturers are warned by Herb

RAPID GROWTH SHOWN IN AID ASSOCIATION REPORT

Reports of the Aid Association for Lutherans for the month of Novem ber indicate that 1924 will be a banner year for the organization. The as sociation gained 568 new members and \$712,000 in insurance during the month. This, with the gains during the previous ten months, gives a total of 6,841 new members and \$8,291,750 in insurance for the first eleven months of 1924.

A comparison of the twelve months from Oct. 1, 1923 to Sept. 30, 1924 with a like period in any preceding year shows a remarkable growth for the year just closed. During the time 7,344 new members were taken into the association and \$8,551,750 in new in surance was secured.

Hell, director of the vocational school, in a communication to the paper, against hiring child workers in violation of the permit law.

The Old Reliable

Dr. BELL'S PINE-TAR HONEY FOR COUGHS

FOR quick, sure cough relief there is nothing like the pine-tar and honey, which our parents and grandparents relied on. But be sure you get the genuine Dr. Bell's Pine-Tar Honey, the original compound which has been used in thousands of families for years. It has had many imitators, but still remains the best. Often stops a bad cough in 24 hours. Perfectly safe for children as well as grown-ups. Insist on Dr. Bell's and no other. Only 50c at any good druggist's.

THE ROAD OF TRAVEL LUXURY

\$3,000 IS AIM OF GOOD FELLOWS CLUB THIS YEAR

Luncheon Clubs Prepare for Intensive Campaign for City's Needy

Preparations for the campaign to raise \$3,000 for relief of the needy in Appleton are going forward. The plan was presented in Appleton Rotary club Tuesday night. The plan is to raise \$3,000 for relief of the needy in Appleton. The plan is to raise \$3,000 for relief of the needy in Appleton. The plan is to raise \$3,000 for relief of the needy in Appleton.

The purpose of the personal campaign is to increase the amount of money for caring for the city's needy. Heretofore the money raised by the Good Fellows club was only about half enough to care for the needy during the cold months. It provided for them at Christmas time, made sure every youngster had a Santa Claus, but it did not assure the poor proper care during the remainder of the winter. About \$3,000 is required by the relief organizations for the year's work. It is proposed to raise that sum in the campaign.

NEED IS ACUTE
According to relief society work the need is acute this year as it has ever been. During the fall an exceedingly large number of people came into the city seeking work and there weren't enough jobs to go around. As a result the number of families in distress is greater than ever before. A number of people who formerly were able to care for their families during the winter this year are helpless and suffering. The Good Fellows will be asked to do just a little more liberal this year than they were in other years and those whose names have not been placed in the honor roll are invited to become associated with the best people in town in the Good Fellow roll.

HIGH SCHOOL DEBATERS TRY OUT FOR SCHOOL TEAM

Tuesday night members of the debate squad of Appleton high school will give speeches defending the issues in the question: Resolved, that the provision of the Johnson bill excluding the Japanese should be repealed. The squad meets every Tuesday night with Karl A. Windesheim of the faculty, who is coaching. Next Tuesday night the first trial debate will be held. The squad has been divided into temporary teams. Final selection of students who are to represent the school in debate will be made after Christmas.

MERKEL PRESENTS TROPHY TO HONOR MEN IN COMPANY D

Former Captain Gives Guardsmen Trophies for Good Work

Presentation of trophies and insignia worn by members of the Company D, 137th Infantry, for marks of merit were presented at a ceremony in Armory G Monday night by George Merkel, formerly captain of the local guard company. The American legion medal awarded to Sergeant Howard J. VanOoyen by the Oney Johnson post of the American Legion was presented by George Merkel. Other men who won high honors were Private Robert T. Thompson, winner of the Badger Military cup for high enlisted men and the Galpin trophy for high score in rapid fire, and Private first class Vern Covey, winner of the Pettibone trophy for high try.

At the same time the Major Adolph M. Trier trophy, won by the company for the greatest gain in recruits during the past quarter of any unit in the 137th Infantry, was received.

RADIO DEALERS PLAN TO HAVE RADIO SHOW

All local radio dealers were represented at a meeting of the Radio Dealers Association Monday noon at the 24 You Like It Tearoom. A discussion on power interference occupied most of the meeting. Listeners are requested to report all interference to the nearest radio dealer who will in turn report to an investigating committee. It is the duty of this committee to take immediate action on all reports. Dallas Jensen is chairman. Plans were made for a Fox River Valley Radio Dealers association. A committee was appointed to investigate the possibilities of a radio show in this city. Philip Kaufman was made chairman of this committee. Other members are H. Weimar and R. Jacobs.

EHLE IS PRESIDENT OF BARBERS UNION

John Ehle was elected president of Appleton Barbers Union at a meeting Monday evening in Trades and Labor hall. William Smith, who has been president of the organization for the last five years, refused reelection. Other officers elected were John Manning, vice president; John Hertle, secretary-treasurer; Perry Brown, recording secretary. Charles Rogers, president of the newly-organized Eastern Barbers association, which takes in Waupaca and part of Shawano-co gave a short talk. William Smith was elected to represent the association at the meeting of the state assembly in February.

LIONS ENTERTAINED BY APPLETON THEATER ACTOR

A business meeting of the Lions club was held at 12:15 Monday noon in the Conway hotel, followed by an entertainment by Mr. Deming, of Chicago, who has been at Appleton theatre. Mr. Deming was assisted by L. Maesch on the piano. Next Monday, the high school band, for which the Lions club furnished instruments will make its first appearance before the club. Band members will be guests of the club at luncheon and will provide entertainment following the lunch.

RETREAT FOR MEN STARTS AT ST. JOSEPH CHURCH

A retreat for men will be held at St. Joseph church Dec. 10, 11 and 12 under the auspices of the Holy Name society. It will close at the 8 o'clock mass Sunday morning, when members are to receive communion. This will be followed by a breakfast in St. Joseph hall. The Rev. Camillus Becker is to conduct the retreat.

Rail Clerks Meet
The Brotherhood of Railway Clerks will meet at 8 o'clock Wednesday evening in Trades and Labor Council hall. Regular business will be transacted, and a report will be made on the dance.

CHRISTMAS BAZAAR AT BAPTIST CHURCH

Wed. afternoon and evening, Dec. 10th. Supper at 5:30. 50c per plate.

PEOPLE USE YARDS FOR GARBAGE DUMPS

Approach of cold weather has been an encouragement to many Appleton residents to dispense with the garbage collection service and dump it into their rear yards or garden, according to George Merkel, deputy health officer. This is especially true, he says, of a number of families who do not have furnaces and thus have no way of incinerating the garbage. The health official said that residents ought to cart the garbage out of the city rather than throw it into the gardens. While the garbage may not be a serious menace to health at this time of the year, it becomes an eye sore to the neighborhood as soon as the snow covering melts away.

MASONS HOLD LODGE OF SORROW SUNDAY

Waverly lodge of the Masonic order will hold its annual lodge of sorrow at 3:30 Sunday afternoon at Masonic temple, with Dr. Virgil B. Scott of Memorial Presbyterian church as the speaker. Music for the service will be furnished by a male quartet. G. E. Buchanan, worshipful master of the lodge, will preside.

CATLIN CHIEF TALKER AT BANQUET FOR GRIDDERS

Mark Catlin, coach of the Lawrence college 1924 state football champions, will be the principal speaker at the annual H-Y club banquet for the high school football team which will be held Wednesday evening at the Y. M. C. A. All letter men have been invited. Other speakers will be Coach Jules Kevin, Captain Cliff Courtney and Lee C. Roney, principal of the high school. Frank Harshman and Allan Herwood are in charge of the arrangements.

Harry Griffin, a former resident of this city, and Earl Walker of Milwaukee, were Appleton visitors Monday.

SOPHOMORES WANT TO BE COLLEGE SPEAKERS

The sophomores are making a stiff bid for the first place in the interclass oratorical contest to be held on Friday. Of the four orators already signed up for the contest, three are members of the class of 1927. The other, George Christensen of Oshkosh, is a junior. Freshmen are not eligible for the contest.

The winner of the interclass contest will represent the school in a state contest at Beloit this year. There is a certain responsibility attached, as Lawrence has never been placed lower than second in any state meet. The candidates are George Christensen, Oshkosh; Alden J. Bohneke, Appleton; Edward J. Blenker, Neenah; Harry Snyder, Prescott.

Reduce Those Dangerous Swollen Veins

Doctor's Recent Discovery Also Heals Boils, Carbuncles, Abscesses, and Open Sores in a Few Days

Physicians are prescribing and hospitals using a new and harmless, yet very powerful germicide that not only causes enlarged or varicose veins and buncles to become normal, but also reduces gonorrhea, enlarged glands and wens. Ask any first class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces takes a long time and furthermore if this wonderful discovery does not produce the results anticipated, you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directed and advice and improvement will begin at once. Your druggist can supply you. Volk's Drug Store, Schlims Bros. Co. sell 1-1/2 of it.

We have several excellent bargains in Used Motorcycles as well as a new stock of Harley-Davidsons. Special price reductions on Used Cycles.

WUERGER ELECTED CHURCH PRESIDENT

Roland Wuergler was elected president of St. Matthew Lutheran congregation at a meeting Monday night in the church basement. Other officers chosen at this time are: Financial secretary, Arthur Guthrie; treasurer,

Earl Ballard; secretary, Rudolph Juhnke; trustee, Emil Hoffman. Mr. Hoffman also was elected to the Sunday school board. The pastor is Rev. F. A. C. Froehke.

A report on the building committee read by William Krueger showed that the cost of the new church was \$38,000, while the total indebtedness was \$36,000.

George L. Smith was a Milwaukee business visitor Saturday. P. S. Hall spent the weekend at Ripon.

The UNUSUAL CHRISTMAS GIFT

For Everyone In The Family
and Every Room in the House
(Except The Attic)

Here you will find big things and little things, but the price of all is little in comparison with their usefulness.

Each gift is done up in a special box with an appropriate verse attached. Each gift is a useful and decorative addition to any home.

Here are small scissors for clipping flowers, for the kitchen—practical fruit parers, and can openers, instant egg slicers, pot scrapers, and fruit strainers; a doll's clothespin set for the little girl, and many other things for father, mother, sister and brother.

Mammy Chloe—Scoring or memo slate. Equipped with pencil and lamb's wool eraser. Splendid card party prize or gift. \$1.25 each.
Mayonnaise Bowl and Ladle—Exquisitely decorated etched glass bowl and ladle. Carefully packed in a gift box of beautiful design. \$5.00 each.
Cake Board and Knife—You can ice a cake and also serve it on this board of seasoned hardwood. A pearl handled service completes a perfect item for the home. \$2.75 net.
Sugar Bowl and Creamer—\$2.00 net.
Fruit Board and Knives—Hand decorated board. Orange and grapefruit knives with handles decorated to match. Price \$2.50 net.
Ash Tray and Snuffer—\$1.00 each.
Wooden Salad Set—Hardwood fork and spoon hand decorated with bright red popples. \$1.25 each.
(And that isn't all. These gifts must be seen to be appreciated.)

Grandmother Knew
There Was Nothing So Good for
Congestion and Colds as Mustard

But the old-fashioned mustard
plaster burned and blistered while it
acted. Get the relief and help that
mustard plaster gave, without the
plaster and without the blister.

Musterole does it. It is a clean,
white ointment made with oil of mustard.
It is scientifically prepared, so
that it works wonders.

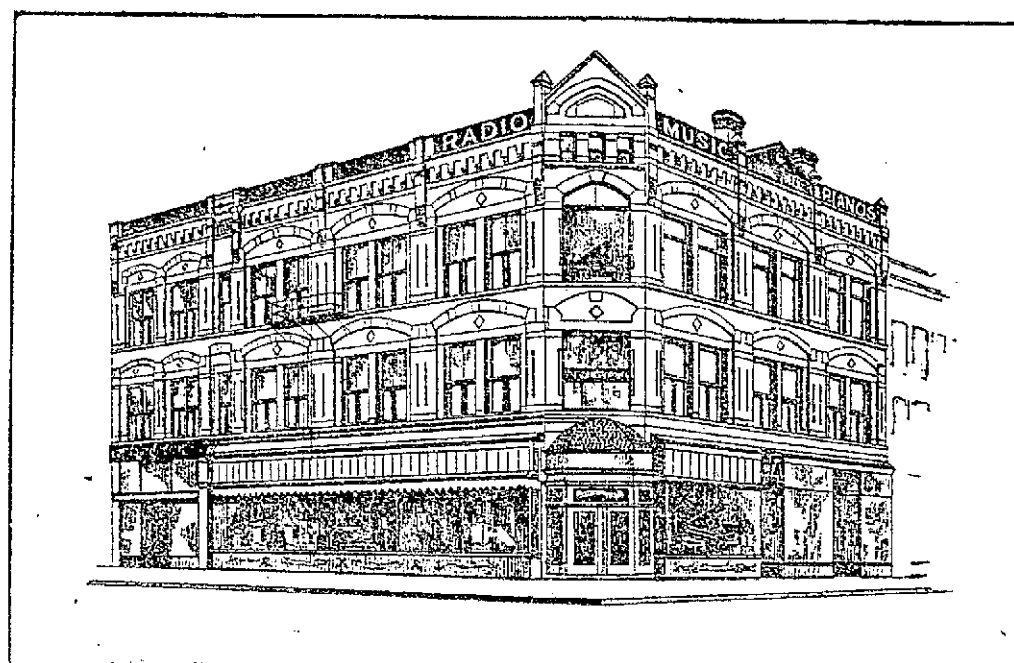

Gently massage in stroke with the
finger-tips. See how quick relief—
how speedily the pain disappears.

Try Musterole for sore throat, bronchitis,
tonsillitis, croup, cold, cough,
asthma, neuralgia, headache, congestion,
pleurisy, rheumatism, lumbago,
sprains, sore muscles, bruises, corns,
blains, frostbite, colds of the chest
(it may prevent pneumonia).

To Mothers: Musterole also
made in milder form for
babies and small children.
Ask for Children's Musterole,
35c and 65c jars and tubes, hospital size, \$3.00.

Better than a mustard plaster

Welcome To The House Where Music Is

Announcing The Formal Opening of Our New Store on December 10th, 11th and 12th.

ANNOUNCING the formal opening of our new store on December 10, 11 and 12 when we will open our doors to the public. We are proud of our new home and wish to show it to you—let us bid you welcome.

See our reception room decorated in old ivory, lavender and gold, with the latest imported crystal lights trimmed with silver. Our filing cabinets for small instruments which were designed by us in keeping with our store.

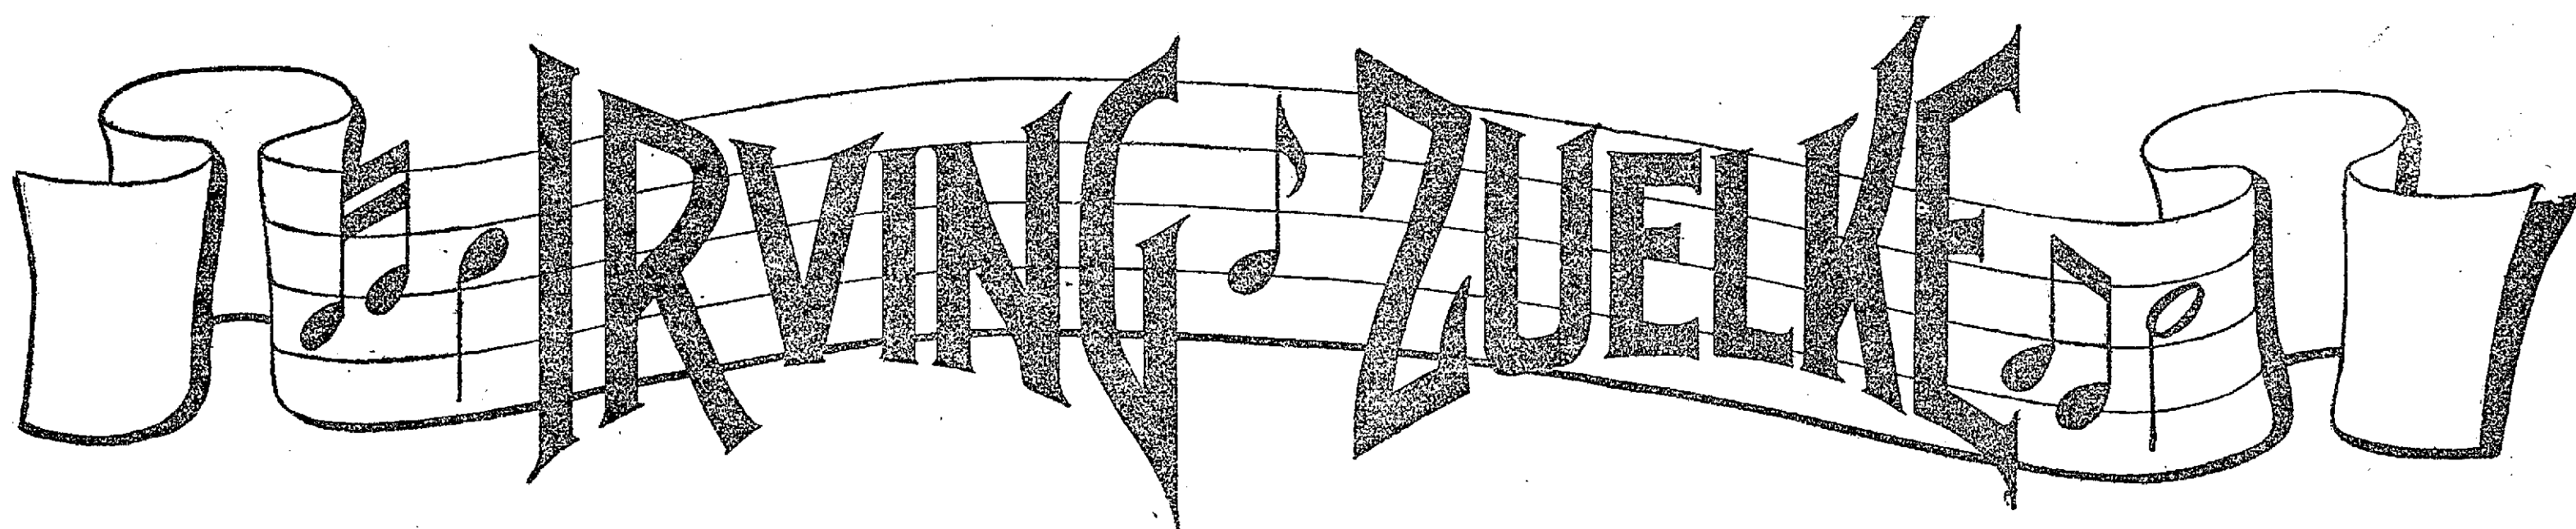

We have spacious demonstrating booths on the main floor and also in the basement. Take the elevator to the third floor and see our band instrument room, then our radio room and then our piano room which is the largest in the state. At the head of this room is a decoration of the Imperial Cross of the Legion of Honor, the unique dis-

inction conferred by Emperor Napoleon III, because of supreme excellence of the Chickering piano.

Our phonograph room is as large as our entire former store. Then we have a music room and also a recital hall which will be open for free musicals on Saturdays.

All the draperies and arrangement of the interior was planned by us to conform with the high standard of our trade.

This store is intended as a place of service to all who love music. People of every degree of income will find here pianos suited to their means. Each instrument has been chosen as pre-eminent in its class. We have a complete stock of the three great leaders in phonographs: Brunswick, Victrola and Cheney.

WAUPACA MAN MUST SERVE SENTENCE

Paul Elmerman Goes to Jail for
Year for Aiding Union
Stores Stock Sale

Special to Post-Crescent
Waupaca — Paul Elmerman, former insurance and stock salesman of Waupaca, left here on Thursday of last week to begin a sentence received at Milwaukee on Monday for the sale of unlawful stock. Mr. Elmerman was one of those connected with the Union stores proposition, formerly known as the Waukegan tea stores. Iola high school basketball team was defeated Friday evening by a score of 17 to 12 1/2. Waupaca high at the local school gymnasium. Harold Cartwright again proved to be an outstanding star in the performance. The local freshmen were victors over Iola second team with the count of 13 to 16.

The high school athletic director, Harry Putz has announced the basketball schedule for the 1924-1925 season.

Dec. 12, Wauwauca there.
Dec. 16, Neenah here.
Jan. 9, Iola there.
Jan. 16, Weyauwega here.
Jan. 23, Menasha there.
Feb. 6, Stevens Point here.
Feb. 13, New London there.
Feb. 20, Manawa there.
Feb. 27, New London here.
Waupaca Curling club has decided to build a covered rink for this winter's games in the property directly in the rear of the Fred Johnson residence occupied at present by George Klink. This ground has been graded and used at some time in the past for the same purpose. Many members stated that the open site on the courthouse square was found to be very difficult to keep clear of snow. Construction of the building will begin at once as games are scheduled to commence soon.

N. P. Peterson, who was in the blacksmith business about 30 years and retired a few years ago, announces he has grown uneasy since laying down his tools and will reopen a shop on Dec. 10, in the A. M. Hansen building on Beaver.

On Friday evening the Odd Fellows elected the following officers for the ensuing year: Noble grand, Frank Dumbleton; vice grand, William Calkins; secretary, A. C. Galloway; treasurer, W. H. Labbe; trustee for three years, Chris Hansen. Upon invitation from the Rebekahs it was decided to hold a joint open installation of officers in January.

Mrs. Fred Colburn will move her household goods to Chicago where her husband and son George are employed.

Mrs. Milton Laux is at Winona, Minn., as guest of Mr. and Mrs. H. Gard.

Mrs. R. F. White has gone to Chicago to make her future home.

(Special to Post-Crescent)
Nichols—Mr. and Mrs. E. Samuelson and children spent Thanksgiving with Mrs. Samuelson's mother, Mrs. Halls at Pulisht.

Mrs. Hannah Hurlbert returned to her home here after spending several weeks with relatives at Ashland and Andigo.

Verna Allen and Wesley Marx of Appleton, spent Thanksgiving here at the home of Mr. and Mrs. William Marx.

Mr. and Mrs. J. Hahn and daughter Marcelle and Marguerite and son Darrell spent Thanksgiving at Seymour with relatives.

Mr. and Mrs. E. C. Falk and family, Mr. and Mrs. A. J. Falk and family and Mrs. Anna Bene and Harvey Bene spent Thanksgiving day at the home of Mr. and Mrs. O. Falk.

Eugene Marx, who has been ill, is now able to be out again.

Clark Mansfield has returned from White Lake where he has been employed.

Mrs. Wayne Keenan and Mr. and Mrs. Verne Keenan, who have been visiting at the home of Mr. and Mrs. Maurice Keenan, have returned to their home at Leland, Ill.

Mary Bink, who is attending high school at Shiocton, spent Thanksgiving with her parents here.

Mr. and Mrs. Oscar Wilson are visiting at the home of Mr. and Mrs. Chester Krull.

Agents has left for Beninwood, where he will be employed.

John Krull was an Appleton business caller Wednesday.

The Thanksgiving dance and supper given at Wolke was well attended. Margaret and Victor Sailer have returned to Marion after spending several days here with their mother.

Mr. and Mrs. B. Schulte have completed their season's work on the Ray Daniels farm and have moved to Navarino.

Miss Virginia Bishop of Appleton, spent Sunday Nov. 30, with her parents.

Mrs. Thomas Delemantier and Mrs. Walter Czekowski are both sick.

Frank Wisniewski has returned home after a week's visit in Milwaukee with relatives.

Mr. and Mrs. Theodore Lesky and son, and Mrs. Julius Lesky and children of Seymour, spent Sunday Nov. 30 with Mr. and Mrs. Joseph Adamski at Elm Lawn Corners.

Mr. and Mrs. Joseph Adamski accompanied their uncle, A. Lanskowski of Iear, to Green Bay where he is taking treatment for rheumatism.

Frank Rojewski and John Sawvick are both taking treatments at Green Bay.

The stretch of the Swedish state railways, running a distance 285 miles from Lulea to Rikgransen, is the longest electrified railroad in Europe.

TWO LODGES ELECT OFFICERS FOR 1925

Waupaca—The local Masonic lodge met on Dec. 3 and elected officers. Some of the former officers were retained. The following are to be installed at open installation on Dec. 27: Master, Claude Hinchey; senior warden, Roy Sims; junior warden, John Moody; treasurer, T. F. Wilson; secretary, Joseph Johnson.

The Royal Neighbors met Thursday evening, Dec. 4, elected officers for the ensuing year. A good attendance was brought out and some of the counts were close. The officers elected were: orator, Mrs. E. E. Bratz; vice orator, Mrs. C. D. McCarthy; chancery, Mrs. Ed Richter; receiver, Mrs. James O'Donnell; marshal, Jennie Newton; inner sentinel, Mrs. H. Holcomb.

Mrs. Anna Backus, manager, Mrs. George Hinder, physicians, Mrs. Ida Haines and E. H. Jones; organist, Mrs. James O'Donnell; delegate to attend a supreme lodge at Eau Claire in March, Mrs. James O'Donnell; alternate, Mrs. F. Larkee. The next meeting on Dec. 18 is to be a card party.

Mrs. William Ritchie and Miss Lettie Ritchie entertained the Hobart domestic club at their home in Hobart Friday afternoon.

Miss Helen House entertained the Girls club Tuesday evening, Dec. 2.

Mrs. Mary Roth has gone to Milwaukee for a few weeks.

Miss Genevieve Ballard spent a few days at Manitowoc.

A number of local Masons attended the game dinner at Danes home at Waupaca Thursday evening, given by the Waupaca lodge.

Mr. Morrow of the Curtis Publishing company is putting on a campaign for subscriptions for the Country Gentleman magazine. He divided the high school pupils into two groups and appointed captains for each group. At the end of the campaign, the losing side will entertain the winning side. One half of each subscription will go to the Athletic association. Harold Munsch, president of the association was appointed sales manager.

Miss Florence Baldwin has been appointed sales manager for the anti-tuberculosis Christmas seals. The sale started on Thanksgiving day and the school children have done exceedingly well in the short time the campaign has been on.

The basketball team of the high school and the coach, Mr. Van Heek, went to Marion Friday evening to play the high school team there. The local team is composed of Rice, Charles Peterson, Claude Peterson, Olson, Green, Zabel, B. Cohen, Robertson and Riemer. On Friday, Dec. 12, the team plays Waupaca here.

Miss Echel Cady, teacher of White Lake school, stole a march on her friends and on Wednesday, Nov. 26 was married to Emil Prahl of this village at Ogdensburg. They kept it a secret for nearly a week and when the people of this district found it out they had a reception and miscellaneous shower for the pair. The shower took place Wednesday, Dec. 3.

Weyauwega Electric Light and Power Co. is installing a 150-horse power steam unit at the condenser which will take care of the power

What To Do For Goitre

"I'd certainly give most anything to get rid of the terrible lump on my neck," declares every unfortunate man or woman who suffers from that disfiguring disease. Such a result is not impossible, despite past failures. Most physicians agree that simple goitre is purely a functional disorder. To correct this and to reduce unnatural growth of the neck glands the system must be supplied with the power which nature or local conditions has denied it. This can probably best be accomplished by taking a little of Dr. Hayssen's Goitre Balsam in a wineglass of water each morning, and rub a little of Dr. Hayssen's Goitre Ointment into the neck each evening. The rapid effect of this combination is in many cases reported remarkable. Reported results in less than two weeks are by no means infrequent. Yet the action is perfectly natural and absolutely harmless. It can be accomplished right in the privacy of your own home. Full information regarding the Dr. Hayssen Treatment may now be had at Schlitz Bros. and other reliable druggists, or write for free booklet to the H. H. Hayssen Company, 101 Hayssen Bld., Binghamton, N. Y. adv.

TWO DRUG STORES

The Cow as a "Beast of Burden"

THE Wisconsin cow is an unfailing source of almost a quarter of a billion dollars of certain cash revenue which gives to the Wisconsin sales market a stability that no other industrial factor does. Business depressions, political campaigns, crop failures, financial upheavals—they are all one to Wisconsin's wealth-producing cow.

And back of the Wisconsin cow stands a diversity of manufacturing industries unparalleled in any other state—forty-six major divisions of manufacturing activity, represented by 10,393 plants with a \$377,978,303 annual pay-roll. This great diversity spreads out the burden of employment, adjusting the balance during times of stress and stabilizes buying power.

The Wisconsin Daily Newspapers probe the pocket-books of 715,000 prosperous Wisconsin families every day. They cover one of the most thrifty and prosperous markets in the country. For market data address Secretary, 421 Sycamore Street, Milwaukee, Wisconsin.

Wisconsin Daily Newspapers

It appears in the Chicago Tribune, New York Times, Philadelphia Public Ledger, Detroit News and Advertising Trade Magazines, as well as in 40 Daily Newspapers throughout the state.

GUERNSEY BREEDERS DISCUSS POLICIES

Questions of policy in the matters of membership dues and the holding of cattle sales will be discussed at the annual meeting of the Fox River Valley Guernsey Breeders' association which will be held in Hotel Northern on Wednesday. The meeting will start at 10:15 in the morning, and dinner will be served at the hotel at 12. A speaker will be provided for the occasion. Among the subjects to be taken up at the meeting are: 1. What membership dues shall be charged? 2. Shall a grade cow sale be held? 3. Shall the expenses of the sale be charged on a percentage basis?

Luxite Lingerie

Luxite possesses that indefinable touch of smartness that makes it different. While it seems a luxury yet in reality it is most economical because of the long service it gives.

News About And For Farmers

FEW PRICES ABOVE \$100-MARK AT SALE OF HOLSTEIN BULLS

Complete Sale Record Is Shown Below—Average of \$73 Is Less Than Year Ago

Prices ranging from \$50 to \$165 at the annual bull sale of Outagamie County Holstein Breeders' association here last week, according to the sale records kept by Edward O. Mueller, secretary. The highest price, \$165, was received by Walter Wickett, Appleton, for his bull sold to Fred Bentley, Appleton.

Two other sales were above the hundred mark, as two bulls sold by Nick Palzer, Appleton, to F. A. Shepherd, Seymour, and Frank Rosenberg, Appleton, respectively, brought \$105 each.

There were 28 bulls sold in all, averaging \$73 in price. This was a lower average than in the sale of a year ago when the animals brought \$92. Twenty-nine had been brought but one was withdrawn.

RECORD OF SALES
Below are given the sales, in addition to those mentioned above. The consignee is given first, then the buyer and the price paid.

George R. Schaefer, Appleton, consignee. Sales, P. J. Meyer, Seymour, \$70; Peter Helin, Seymour, \$62; George Walker, Appleton, \$92; Louis Hoh, Appleton, \$60; P. Lamm, Hortonville, \$56.

George I. Sasseman, Black Creek, consignee. Sales, Henry Rechl, Oshkosh, \$58; Thomas Delamater, Seymour, \$65; Frank Tellock, Hortonville, \$80.

John Pingle, Appleton, to Henry Ehlers, Appleton, \$75.

Nick Palzer, Appleton, to Henry Ehlers, Appleton, \$75.

John Taegge, Appleton, to Cowling Bros., Oshkosh, \$50; C. Schueler, Appleton, \$86; Henry Schaefer, Appleton, \$80; Walter Fecklin, Appleton, \$81.

William Schroeder, Appleton, to Walter Ziegler, Hortonville, \$81; Fred Buss, Appleton, \$50; William Emmers, Appleton, \$50.

Roy Menning, Appleton, to William Diestler, Hortonville, \$71.

Harry Stumpf, Menasha, to Edward Stumpf, Menasha, \$55.

W. H. Plamann, Appleton, to Henry Hoh, Appleton, \$55.

Oscar Plamann, Appleton, to Guy Evans, Neenah, \$52; Will Becker, Appleton, \$60.

Fred Melchert, Seymour, to Edward Rahmow, Appleton, \$50.

John Palzer, Appleton, to Jacob Asbauer, Appleton, \$53.

W. L. Schroeder, Appleton, to Edward Knutson, Larsen, \$60.

WILLIAM FISCHER HAS HIGH RECORD COWS FOR MONTH

Holds Individual and Herd Honors in Ellington-Outagamie Association

Yielding 1,644 pounds of milk and 59.2 pounds of butterfat, a cow owned by William Fischer scored highest for the month of November in Ellington-Outagamie Cow Testing association, according to the report of Henry Brubaker, official tester. Mr. Fischer also held the herd record for the month. His cows of mixed breed averaged 1,115 pounds of milk each for 30 days, with tests of 4.5 per cent fat and 55.1 pounds of butterfat.

Second highest records were made by John Fischer and E. Conrad. The former had a cow which gave 1,015 pounds of milk with test of 5.5 per cent and 57 pounds of butterfat. Mr. Conrad has second highest herd with average milk production of 655 pounds, test of 4.4 per cent fat and butterfat of 39.2 pounds.

Cows which produced more than 40 pounds of butterfat in the month's testing were:

| Cow | Owner | Pounds Milk | Per Cent Fat | Pounds Butterfat |
|----------------------|-------|-------------|--------------|------------------|
| F. M. Friedrich | 1695 | 4.5 | 44.2 | |
| R. B. Miesling & Son | 1624 | 4.6 | 47.1 | |

WOMAN PUTS ART INTO RAISING OF PRIZE HERD

Makes Start with Purebred Jersey Dam and Sire and Builds Herd That Takes Blue Ribbons Everywhere as Well as Earning Big Profit

Cincinnati, O. — The business of raising blue-bloods in dairy cattle is being made an art by a woman! She is Mrs. Clara G. Drewry, noted clubwoman of Cincinnati and owner of the Camden Terrace Farms at Milford, O., 15 miles east of here.

On this farm is a stock of 50 purebred Jerseys, which have been bringing Mrs. Drewry championships and ribbons enough to pay more than her expenses. Just as the herd is artistically developed, so is the entire farm and its buildings.

The cattle stalls are clean and the barn is immaculate. In the barn itself is Mrs. Drewry's office, with homelike furniture and flower-decked windows. Covering an entire wall of the office are the ribbons, cups and other prizes her stock has won.

HIGH PRODUCERS
Out on the farm is a small herd of test cattle, well-fed, well-shaped and groomed to a nicety. One of them, Majesty's Lustra 415881, a daughter of Imp. Oxford Majesty 21, 152132, has just finished a 305-day test with 15,000 pounds of milk and 729 pounds of butterfat to her record. She holds a gold medal and a state record.

Ten years ago Mrs. Drewry knew nothing about cattle. Her husband had given her this farm and had left it to her to manage. She decided to take the winner course in agriculture at Ohio State university.

"There I learned that to have a productive farm I need stock," she says, "and having stock I might as well have the best."

"I decided on Jerseys for their dairy, gentle and alert nature. For turnouts for a novice, I chose a good dam and sire to begin with."

GOOD START

She started with an in-dam daughter of the famous Golden Fawn's Noble 145762, and a son of the noted bull, Noble's Jolly Sultan. These gave her a wonderful herd to start with. Five years ago she bought another young sire, Tiddleywinks Majesty's Lad 187998, which has been a herd sire since.

As a result of her management Mrs. Drewry's stock has brought in hundreds of ribbons and other prizes. During the last showing this year, they took 132 ribbons, 11 championships and three grand championships.

Two railroads buy her milk for their dining car service and she sells much more besides. Although this is secondary, she points out, her milk production in one month nets her about \$1100.

"Besides," she concludes, "I take great interest in working out a system of crop rotation and proper fertilization of the soil, that I may not only grow sufficient food for my cows and horses, but that I may have some money crop as well."

BARNEY SHERIDAN TO BE SPEAKER AT GUERNSEY DINNER

Question of Grade Cattle Sale Will Be Up at Annual Valley Meeting

Barney Sheridan of Fond du Lac will be the speaker at the dinner of Fox River Valley Guernsey Breeders' association at 12 o'clock Wednesday at Hotel Northern. The banquet will follow the annual meeting, which opens at 10:15 at the hotel.

Mr. Sheridan is one of the leading Guernsey breeders of Wisconsin and a recognized authority on the breeding, sale and development of purebred cattle. He will present some of the most recent phases of dairy world progress.

Wives of the breeders and adult members of their families have been invited to the dinner. Reservations are to be made to Emory C. Melin, Greenville, secretary of the association.

Possibilities of a sale of grade Guernsey cattle will be one of the subjects discussed at the business sessions. Heretofore the association has marketed only purebreds at its annual sales but there is a big demand nowadays for high producing and wellbred grades and the association is interested in meeting this situation if it seems that will be served.

Other questions which will come up for consideration are the amount of dues the association should charge and whether sales of cattle should be made on a commission basis.

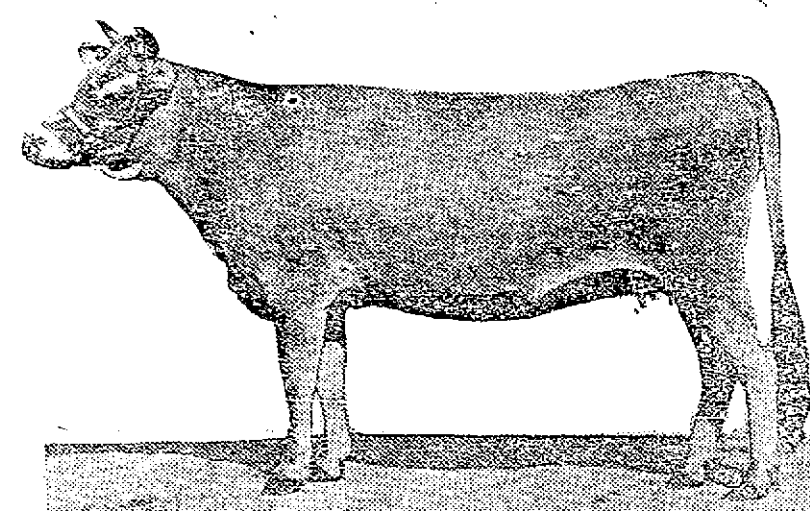

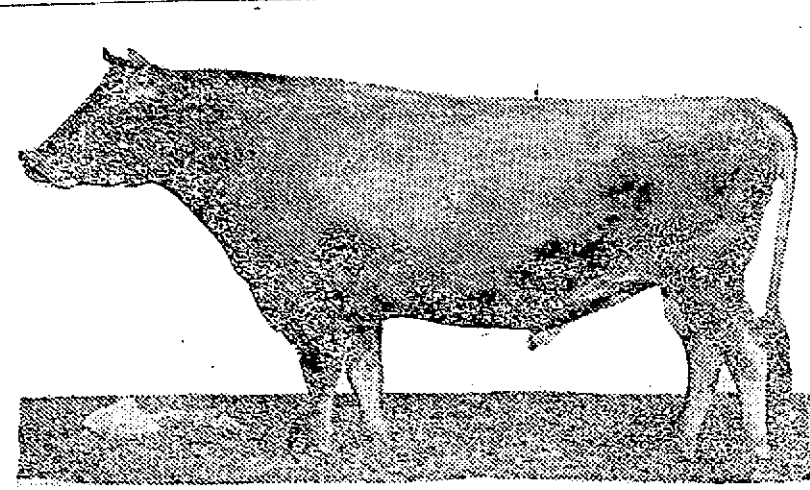

Election of officers also will take place.

COUNTY WILL BE VISITED ON BEEKEEPERS' TOUR

Madison — A beekeeping tour through the bee disease cleanup area of Wisconsin will be organized next summer by the state agricultural department and state experiment station, under the direction of C. F. Adams and H. F. Wilson.

Visits will be made to larger and better known apiaries of Sheboygan, Calumet, Brown and Outagamie counties. Several unusual features will be seen including a large eight-sided bee house and an apiary in which each colony is double the normal size.

Several prominent honey producers

Single Acre Of Pickles Earned \$300 For Farmer

Weyauwega — "A farmer near Bloomfield made \$300 from one acre of pickles this season," said S. S. Taylor, local manager of the Squire Dinges company, Chicago, operators of pickle factories at Readfield, Waukegan, and Weyauwega.

"The amount of money made on this acre of pickles is an exception for this year," continued Mr. Taylor. "Because many fields were drowned out or damaged by excessive rains and the nights were too cold for pickles to thrive. But in an ordinary year, pickles ought to run 200 bushels to the acre on the average."

The total yield delivered to the company's plant in Weyauwega was 6,000 bushels from 200 acres. The company took in the same number of bushels last season from one-half the acreage planted this year.

"No growers are kicking over their small crop of pickles because they realize that the climatic conditions damaged every other crop as well as the pickle crop," says Mr. Taylor. The acreage around the three plants of the company will be as large next spring as it was last spring or larger.

"Good soil is required to produce a bumper crop of pickles. But they do exceptionally well on sandy soil if it is kept up. On sandy soil, chicken yard fertilizer is the best kind to use, or commercial fertilizer, 2-10-4. If light soil is run down the pickles go to nibbling."

In the Weyauwega plant the company manufactured dill pickles almost exclusively.

from outside the state will be present.

Mr. Adams is chief apiary inspector of the state department and Mr. Wilson is a bee expert of the College of Agriculture.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle, then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a rough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for healing the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded.

RADIO NEWS

BASIC CHANGES LACKING SINCE RADIO STARTED

People Who Wait for Great Improvement in Receivers Due for Disappointment

BY H. WEIMAR
Many people are putting off the purchase of a radio receiver with the idea in mind that there is going to be some improvement in the near future which will make present sets out of date or obsolete.

What these people imagine one of these new sets will be like, they cannot say. They want something which they are not going to get; the ultimate.

In comparing the most popular sets on the market to day with those of seven or eight years ago there is not one fundamental difference to be found. The main difference between these receivers is in the number of tuning controls and cabinet design. Since the public has accepted radio as a form of entertainment and education it has been necessary to simplify the operation as much as possible so that the whole family can enjoy the benefits. Since it is for the family and must consequently grace the living room it must necessarily be designed to fit in as a piece of furniture. It is well to add here that the greatest advancement made this year has been in the cabinet design rather than in the circuit of the set itself.

Many people think that regeneration and the super heterodyne principle are new. The principal or regeneration was patented some 12 or 13 years ago and is still used in some of the most popular sets of today and what is more has not changed one particle. It is still one of the most efficient forms of reception. The Super Heterodyne was developed during the war, primarily for use on short waves and since it is very efficient for this work and at the same time compact it has been simplified and given to the public. But remember the circuit of then and now is practically the same. The Heterodyne principle is even older than the principle of regeneration.

Straight radio, frequency amplification such as is now used in all neotronics is as old as regeneration. There is just one difference between a straight radio frequency set and a neotronic and this is that the regeneration which is inherent in all radio frequency circuits, due to feedback through the tube elements, has been neutralized. This prevents the circuit from squealing and radiating which is one of the drawbacks to any regenerative set.

Some 5 and 6 tube sets now on the market have but one main tuning control. There are in reality 2 controls but they are geared together so they may all be operated from one dial. It should be noted that there is an auxiliary adjustment for each of the controls for fine tuning. You cannot get away from the fact that individual adjustment of the various resonant circuits is being lost.

It can be seen from the above facts that during the last 10 or 12 years there has been no fundamental changes in radio circuits especially in the receiving end. The present trend of development is in the transmitting end, and more than in the receiving end, and any one purchasing a radio set at this time can rest assured that it will not be obsolete in a year or so and that it will give him much enjoyment and benefit for years to come.

Now as to static; present developments indicate that this will be overcome or reduced through the transmitting and receiving ends. Experiments are being made now to reduce static through increased power of transmitting work in regions of wavelength where static is not so strong, increase directional selectivity of receiving antennae and by use of single side band transmission. Further information regarding this can be obtained in the Dec. issue of "Radio Broadcast."

Buy your Garod Neutrodyne set now. Why wait for the ultimate it never comes. The Garod Neutrodyne is sold and serviced by Radio Service Co. and is the most powerful 5 tube set built. Direct comparisons invited with any set in Appleton regardless of number of tubes.

CLEAN FILMS IMPROVE FICTION, HAYS CLAIMS

By Associated Press
Los Angeles—That the salacious and suggestive in modern fiction has received a body blow in the recent edict against the use of such material in motion pictures by Will H. Hays, president of the Association of Motion Picture Producers, is the opinion expressed here by M. C. Levee, head of the United Studios.

Levee supported his statement with the argument that since authors frequently receive more money for their rights to their works than from regular publication sources, they will begin to realize that unless their stories are built without objectionable situations and themes a very lucrative avenue of revenue will be closed to them.

RADIO NEWS GATHERERS
Radio amateurs have had a chance to demonstrate the reliability of this science as a news gathering medium. Some of them have been collecting news for the Milwaukee Journal.

United States has 12 transcontinental radio stations, 780 other land stations and 16,500 amateur transmitting stations.

FRESHMAN USES BEST MATERIAL

Franklin, Chief Engineer of Firm, Develops Perfect Neutralization

Many sets which were sold and operated a year ago were not properly neutralized. The manufacturers of the Freshman Masterpiece realized this important factor in the construction of sets and therefore aimed to perfect the Freshman in this detail. The present product of this company contains the best units of material for low loss or neutralization of the circuit. This set employs two stages of tuned radio frequency, detector and also two stages of audio frequency amplification.

This wonder receiver was developed by A. W. Franklin, the chief engineer of the Charles Freshman Company of New York. His set employs specially designed coupling coils, wound in such a manner as to reduce losses and capacities to a minimum. This special design calls for a close coupling between the primary and secondary windings.

In this set there is a special sub-panel under which are concealed the majority of the wiring and fixtures. When the top is lifted all that is to be seen is the five tubes, the variable grid leak and three tuned radio frequency units.

All wiring, transformers and rheostats are mounted below this panel, thereby being hidden from view. This greatly increases the efficiency of the receiver.

When the wiring is done by an amateur it is usually constructed so as to please the eye, with graceful curves or square corners. This is a serious mistake which is corrected in the Freshman Masterpiece, says Mr. Blake of the Appleton Electric Co. With the aid of the sub-panel all wiring is done in the shortest possible manner giving low loss and complete efficiency.

KENOSHA RADIO FAN ON ROAD TO FAME, IS CLAIM

Amateur Works on Theory Earth's Magnetism Directs Waves

Kenosha, Wis.—Out of the world of radio amateurs comes one rather obscure "ham" with a theory of his own, an invention of hope and a claim of highest expectations.

The amateur—Mark Kindt of this city.

The theory—that radio, a form of magnetism in itself, travels across space through the aid of the earth's magnetism.

The invention—a four-tube receiver for which Kindt claims remarkable results and advantages.

The claim made by his friends, mostly—but is well on the way to become another Charles F. Steinmetz, another radio wizard.

Kindt, with Anthony Winther have been working on radio for the last four years. In a little shack on the west side of the city, he is working on his new set. He has already applied for patents on it.

According to Kindt, the receiver can dispense with antenna or ground for a receiving distance of 20 miles. It can receive as far as 1000 miles with ground connection only. It can get from 1200 to 1500 miles on a loop, and from coast to coast on an outside aerial.

No squealing, clear signals, high selectivity, low battery consumption. A boon for radio listeners. That's the claim made by Kindt and Winther.

"RIDICULOUS," HE SAYS

"Radio has been supposed to travel through a medium called ether, regardless of the fact that the necessary properties of such an imaginary medium make it ridiculous," explains Kindt. "For instance, ether is supposed to have 100,000 times the rigidity of the hardest known tool steel, and at the same time must permit material objects to pass through it without resistance."

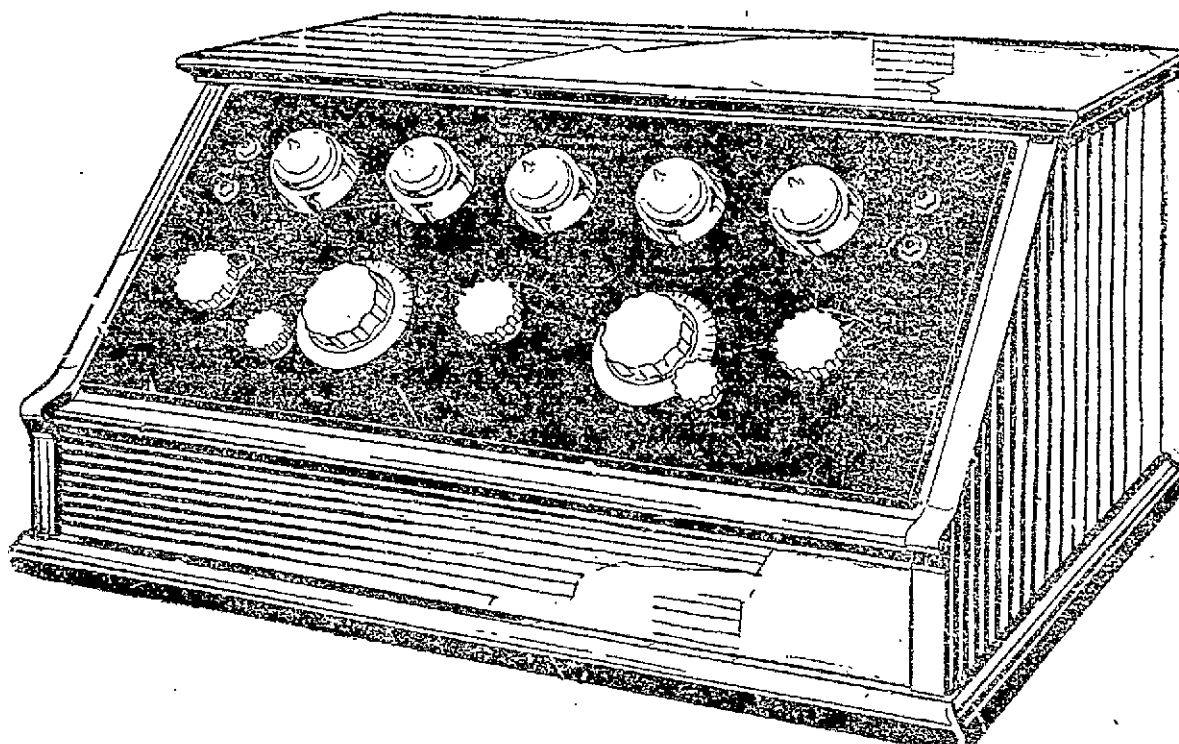

"It is a funny fact in electrical science," Kindt goes on to explain, "that current passing through a wire sets up a magnetic field surrounding that wire. The magnetic theory says that the rapidly oscillating magnetism emanating from the transmitting aerial produces in the earth's magnetic field a distortion exactly corresponding in form to the currents sent into the aerial by the transmitting apparatus. These distortions radiate into space at the speed of light."

"FADING" EXPLAINED

"It is also generally known that when a magnetic field is caused to vary around the conductor, an electrical current is set up in that conductor. Therefore, says the new theory, when these magnetic distortions pass through your receiving aerial, they set up in your aerial minute currents exactly corresponding to those sent into the transmitting aerial."

"This at once explains such phenomena as 'fading,' 'dead spots' and particularly does it explain why an efficient aerial gives results thousands of times in excess to those obtained with small loops."

"The more of the earth's magnetism that you intercept with your aerial, the stronger the signal becomes, and the longer the distance you receive."

KENNEDY MODEL XV
The most powerful, most sensitive, and most selective five tube receiver on the market today. The Appleton Radio Shop issues an open challenge to any one in Appleton to produce a set that will beat this KENNEDY.

MALONE-LEMMON SILENCES HOWLS

Neutrodyne Circuit Avoids Magnetic Coupling by Coil Positions

The Malone-Lemmon Neutrodyne Circuit accomplishes tuned radio frequency and eliminates the howls and squeals that are usually heard in the common receiving sets. Without the help of a potentiometer, the neutroformers, or coils, are placed at certain angles to the panel in order to avoid magnetic coupling. Many types or sets have this angle fixed, but the adjustable angle like the Malone-Lemmon, permits the operator to obtain absolute zero magnetic interference. This aids greatly in the perfect operation of the set.

The process of neutralizing is carried on through the vacuum tubes. The circuit is adjusted until the signal is reduced so much that it is not audible. The circuit capacity is actually neutralized, and not a process of preventing or reducing regeneration. This is coupled direct to the antenna, and includes an outer circuit with an inductance coil and a variable condenser. This circuit is excited by a buzzer. The driver, which is the adjusting circuit, is usually placed about ten or fifteen feet away from the receiver, in commercial stations, to be properly neutralized.

After this process is completed the batteries are connected and the tubes are placed in their particular sockets. 201 A type tubes are used throughout in this receiver. The third tube in this circuit is the detector tube, the first two tubes are the radio frequency amplifiers and the audio frequency amplifiers are the last two tubes in the circuit.

The Malone-Lemmon Neutrodyne Circuit is a receiver which incorporates many radical and important improvements. A competent corps of engineers are constantly endeavoring to make this a perfect receiving set. By direct comparison with other sets, and by thorough study of all circuits this wonder set is now offered to the public. The Malone-Lemmon is sold and serviced by the Meyer-Seeger Music Co.

PHILCO BATTERIES BUILT FOR RADIO

Philco Dynamic Radio Batteries are designed especially for radio work—not adaptations of batteries built for some other purpose. With all the convenience of dry batteries, they have the long life, uniform voltage and famous time-tested features of the Philco Diamond-Gold Storage Batteries for automobiles.

Charged dry at the factory, the life of a Philco Dynamic Radio Battery doesn't start until you pour in the Philco Electrolyte. There's no deterioration in stock—no harmful charging hour, and no storage. We carry them in stock like any other package of goods.

Philco Dynamic Batteries are ready for radio use just as soon as the cells are filled with Philco Electrolyte. They deliver 50 per cent or more of their rated capacity without any initial charging—and rapidly work up to full capacity on succeeding charges and discharges.

Philco "A" and "B" Batteries—by reason of their scientific design, uniform voltage, rugged construction and perfect insulation—give years of trouble-free service, and lack battery noises. Furthermore they are far more economical than dry batteries, usually saving their first cost the first year. Current from a dry cell costs \$12.00 to \$16.00 per kilowatt-hour. Charging current for a 50 watt battery costs 5 cents to 12 cents per kilowatt-hour.

Philco Radio Batteries in Pressed glass cases are now on display at Jimmie Burks Service Station.

KENNEDY MODEL XV SET DRAWS PRAISE FROM RADIO FANS

Many Testimonials Received From Users During Past Months

We have operated the Kennedy Model XV for several months and also have received many testimonials from dealers as to the wonderful operation of the new Model XV. It has all the qualities of any other five tube set, but has many features that competitive sets do not have. A few testimonials are listed below.

I have been successful in getting a range from Springfield, Miss. to Old Mexico, Los Angeles, Portland, Calgary, Canada, and Montreal, and Atlanta, Georgia. Nothing has been giving us as great pleasure as the radio.

I cannot tell you how much my friends and myself (who am a shuttin 72 years old) are enjoying it.

I can very readily recommend the Kennedy to anybody interested in buying a radio as there is. Truly as their trademark states, "The Royalty of Radio."

I know you will be glad to hear the report that we have been getting excellent results from our radio. In spite of the fact that my batteries are rather weak I was able to get excellent results last night.

Your set is 100 per cent and everyone who has heard it says, if I ever have a set I want a Model XV Kennedy. I am entirely satisfied and have no trouble in reaching California on good nights.

People who appreciate the clear purity of good music are won to instant admiration when they hear a Kennedy. It reproduces music and speech in full rounded, natural tones. You will not find the Kennedy in every radio store. Those dealers who secure the right to sell the Kennedy are trustworthy business houses of high character. You can place confidence in their recommendation. For purity of tone the Kennedy is peerless. Correctly tuned it is sweet and natural, free from rasp and blairs. There are several Kennedy models. Model XV is ultra selective. It uses five tubes. It is best to buy a Kennedy at the start and be satisfied. Many owners of a radio set will tell you that the one they operate now is the second or third or fourth they have bought in a short time. But you will rarely hear a man who "used to own a Kennedy" for the Kennedy owner never hears a set that he would trade for his own. No local owner of a Kennedy has ever bought another make. It is a Kennedy and only Kennedy. Granted you are going to buy a radio receiver. Why not buy it from us? Because we offer a service. The service of having them all to show. The service of giving impartial advice. The service of installation in your home. That's why it pays to buy at the Appleton Radio Shop. Come in and see and hear the new Kennedy sets. We think the world of them.

FEEDING INSECTS DETECTED BY RADIO

By Associated Press
Johannesburg, South Africa.—Thanks to the radio, fruit growers will hereafter be able to determine through the sense of hearing whether apples and other fruits are wormy. Dr. C. K. Brain, professor of entomology at Stellenbosch University, has conducted a series of experiments along this line, as a result of which he has drawn the conclusion that worms and bugs can be detected with certainty by radio.

Dr. Brain's method was simply that of attaching to an ordinary wireless telephone an unusually strong microphone. He took parts of twigs of an apple tree known to be infected with the larvae of the apple worm, and placed them in a box connected with the microphone. Through the receiver he could distinctly hear the movements of the larvae, as well as the nibbling of the insects at the leaves. Likewise he placed a wormy apple in the box, and the microphone registered the noise made by the worm as he nibbled away at the apple.

A third experiment consisted in detecting the presence of the weevil in corn.

RADIO FOR POLICE

Now the Detroit police have three automobiles equipped with receiving apparatus, so that they may be in constant touch with headquarters. Detroit has its own police broadcast station, KOP.

ATWATER-KENT SET EASY TO MAINTAIN

Manufacturers of Good Radios Refuse to Stress Claims of Records

Just as the better type of automobile manufacturer of today does not enter his cars in speed contests, so the makers of the better grade of radio apparatus do not stress the records their equipment has made in the way of reception from far distant points, for both automobile and radio manufacturers of Atwater-Kent realize that dependability and low maintenance cost are of much more interest to the public than claims of records of speed or distance, which are usually the results of most careful planning and particularly advantageous conditions.

While standard Receiving Sets taken from our regular stocks have been repeatedly enabling their users to "hear the Coast" and "listen to London" on the loud speaker, we discourage all attempts to sell our equipment based on any such claims.

You, too, will find after experience with Radio Receiving Sets that their most desirable qualities are those embodied in Atwater-Kent Equipment, viz: dependability, ease of operation, selectivity and low maintenance cost. But if you will accept our word for it and buy now—today—an Atwater-Kent outfit, you will not only be saved considerable trouble and expense, but you will be able to start right in and entertain your family and friends with the best that Radio has to offer.

Many types of radio receiving sets deliver a sufficient volume of sound from distant broadcasting stations, but they are not selective—that is, they cannot separate two stations, both broadcasting at the same time on waves of nearly the same length.

Atwater-Kent Receiving Sets overcome these difficulties to a marked degree, so that two or more stations broadcasting at the same time can be separated and the desired station tuned in clearly and without trouble some interference.

This is one of the main reasons why Atwater-Kent receivers are held in such high esteem by experienced operators.

RADIOLA NEWEST INSTRUMENT ON MUSIC MARKETS

Musical and Educational Experts Proclaim Set Great Achievement

The Brunswick Radiola is the newest and most remarkable of all musical instruments. An instrument proclaimed by world's musical and educational authorities the outstanding musical achievement of the day.

Whatever may be your conception of the musical possibilities of radio, or of complete and permanent home entertainment, you are urged to hear it.

All of the music of all the world at your command that's what it is. A scientific combination, developed by the Brunswick laboratories in connection with the Radio Corporation, the Brunswick Radiola embodies the best that men know in music and in radio.

Not a makeshift, simply a radio receiver set in a photograph, but a perfected, tested and proved combination. An instrument you can buy with positive and absolute assurance of lasting satisfaction throughout the years to come.

At a turn of the lever, you have radio's greatest thrill—the amazing Super-Heterodyne or Regenflex—to bring the mysteries of the air into your home, tonal possibilities multiplied by the famous Brunswick Method of Reproduction, which now does for radio what it did for music!

At another turn, you have the recorded music of all time at your command—your favorite records played as only a Brunswick can play them. Nothing in music—music is the making, the current triumphs of famous artists of the New Hall of Fame, the music of yesterday, today, tomorrow—is thus beyond your reach. Consider what this means to you: the advantages it offers to your children. The Brunswick Radiola occupies immeasurably a unique position in the world of musical art.

So as to bring this instrument within the means of every home, many different types and styles have been developed. Brunswick Radiolas embody the master craftsmanship in cabinet work which characterizes Brunswick. Some embody the noted Radiola Super-Heterodyne. Others the Radiola Regenflex, others the Radiola No. 3 and 8A.

Advance models are now on display at Irving Zuehlke local Brunswick dealers.

Special demonstrations, day and night, at the "Sign of Musical Progress"—your Brunswick dealer.

SANTA GETS GIFTS FROM RADIO SHOP

When Santa Claus trims your tree this year he will probably use Christmas tree lights bought at the Appleton Radio Shop. He was in the other day and ordered many of our special lights. There are some made to look like animals, others look like a pear or a peach, still others look like a clown in a circus. There is a large assortment and although Christmas is several weeks ahead we believe that you should come in like Santa did and see what we have and leave an order. He did not forget that people like music. Of course he bought many radio sets from us because we sell the best radios. He is going to put them in homes that want only good radios. He also bought several of the special portable phonographs that retail at only \$25.00. These phonographs have a Heilmann motor which is standard. He liked the fine tone of these phonographs and it was guaranteed to play in excess of two selections without winding. It is noiseless and easy winding. And before Santa left he bought a dandy flashlight—also that he could see his way into homes. He left a large number of flashlights to be sold at special prices at the Radio Shop. These flashlights are sold at special prices so that more would be sold for Christmas. There are many other things that Santa ordered but you will have to come to the Radio Shop to find out what they were.

"D.A.L."

the world of musical art.

Eventually, after its trail test at Ann Arbor and its sojourn under the skies of South Africa, the new lens will become part of the equipment at the university laboratory.

ANY SET CHEAPER?
Berlin residents can buy a midsize radio set for \$17.50. The antenna can be placed in the owner's "hat," so that the set can be carried anywhere.

Ann Arbor, Mich.—After 13 years of waiting the University of Michigan has a prospect of beholding its new telescope, the fourth largest in the country, completely assembled and ready for use, late this year. Soon afterwards it will be dismantled again and taken to South Africa for eight or ten years of study of the southern sky by university astronomers. Only three refracting telescopes in the United States will have lens surpassing its 27 inches of diameter measurements, that at Yerkes with 40 inches, that at Lick with 36 inches and one other measuring 30 inches.

Difficulty in getting glass sufficient large to make the lens was responsible for the delay. Orders for the new telescope were placed June 10, 1911. Two years ago the big piece of glass reached this country from Germany.

Sent to the shop of Robert R. McDowell in Pittsburgh, it had been shaped and was being polished when Mr. McDowell died in 1923. Search revealed no man able to continue the work except one in McDowell's shop who was then working on a lens for Yale. He turned his attention to the Michigan lens in June, and will be finished with it soon. Slowness of the work of polishing is due to the fact that each three minutes of polishing demands a wait of 30 minutes for cooling.

LEGAL NOTICES

LEGAL NOTICES

Notice is hereby also given that a claims for allowance against said deceased must be presented to said court on or before the 31st day of March 1925, which is the time limited therefor, and be forever barred, and

Notice is hereby also given that a regular term of said court to be held at the county house, commencing on the first Tuesday, being the 7th day of April 1925, at the opening of the court on that day, or as soon thereafter as the same can be, will be an extraordinary session, and adjusted claims against said deceased then presented to the court.

Provided, that all claims for necessary funeral expenses, expenses for the last sickness of the deceased, and for debts having a preference under the laws of the United States, which shall have been represented to said court within sixty days from the date of said order, on that day or as soon thereafter as a regular term of said court to be held at the court house aforesaid, on the 1st Tuesday being the 3rd day of February 1925, on the 31st day of March 1925, or as soon thereafter as the same can be heard.

Dated November 24, 1924.

By order of the court,
LORENZ ZEHREN,
Register in Probate.

J. P. FRANK,
Attorney for Estate.

Thrifty People Are Glad To Obey The "Buy-Laws" Of Classified Advertising

APPLETON POST-CRESCENT

All ads are restricted to their proper classifications and to the regular Appleton Post-Crescent style of type. Daily rate per line for consecutive insertions: Charges Cash One day 10 Six days 50 Ten days 80 Twenty days 1.20 One month 2.00

Advertising ordered for irregular insertions takes the one time insertion rate, no ad taken for less than basis of two lines. Count 5 average words to a line.

Charged ads will be received by telephone and if paid at office within six days from the date of insertion cash rate will be allowed.

Ads ordered for three days or six days and not taken before expiration will only be charged for the number of times the ad appeared and adjustment made at the rate of the day.

Special rate for yearly advertising upon request.

Publishers reserve the right to edit or reject any classified advertising copy. Telephone 53, ask for Ad Taker.

The following classified headings appear in this newspaper in the numerical order here given, closely allied classifications being grouped together. The individual advertisements are arranged under these headings in alphabetical order for quick reference.

OPPORTUNITY TAKES OFF ITS MASK

There never was more than one objection to opportunity--and that has always been the difficulty of detecting it. Frequently it has been right at your very elbow--yet so thoroughly disguised that you failed to recognize it. But things are changed now. Open-faced opportunities--completely unmasked--easily recognized--are spread before you in endless variety in the A-B-C Classified Section of the Post-Crescent. The classified opportunities are even labeled to tell you exactly what they are. Index terms, alphabetically arranged for quick finding instantly disclose their identity and their character. Hunting for opportunities has now become an exact science.

LETTER CARRIERS ARE EAGER FOR NEW NUMBERING SYSTEM

City Engineer Connelly Explains New Method to Postal Employees

City letter carriers and postoffice clerks are eager for the establishment of the new house numbering system. It was evident at a meeting of the Appleton Postoffice association which discussed the question in Saturday evening's meeting.

The association was addressed by R. M. Connelly, city engineer. He explained the system which will operate on the basis of assigning 100 numbers for each block, making it easier to locate a residence or business establishment by the number of the block.

Even numbers will be placed on the east and north sides of the streets, on which water mains are located, while the odd numbers will be placed on buildings of the west and south sides of streets, which are the sides on which the gas mains are located, it was pointed out.

Carriers and clerks expressed a desirability for the uniform location of building numbers. While some thought they should be placed on porch posts, the majority favored a location overhead on the porch. Numbers on porch posts are sometimes hidden by the snow, it was argued, while numbers above the front doors are more or less undiscernible from the street sidewalk and are obscured by trees, shrubs or storm houses.

Postmaster William H. Zuehlke said that the cooperation of newspaper and magazine publishers will be asked to aid in the establishment of the system. The postoffice will offer to correct the subscribers' address lists for the publishers.

The greatest difficulty is expected in the possible failure of some of the residents to include the directional prefix of "north," "south," "east" and "west" in their addresses. Unless this is mentioned duplication of addresses will result, it was pointed out.

PRINTING CLASS GETS PRACTICAL EXPERIENCE

Special printing shop work is being carried on by vocational classes at Appleton Vocational school. Cook books written by the household arts department are being printed by this department. The work is run through in actual commercial shop order. Records are kept of the cost of composition, make-up work, binding, material, etc. Four or five booklets are being made, with 700 to 800 copies of each, a large job for the vocational school. The work is not a commercial job, having originated in the printing department practical work. The amount of work done by each man, his time and cost will be recorded for future use. E. M. Laflair and John Geiger are in charge of the work.

NOW THEY USE LATIN IN CROSSWORD PUZZLES

The widespread influence of crossword puzzles has even forced itself upon the students of the classics. The feature of a Latin club social meeting last week was a game somewhat in the form of a crossword puzzle and played with Latin words. The meeting introduced the new students to the old members of the club, and made the purpose of the club known to the newcomers.

John Mills of Appleton is the editor of the Latinist this year. The paper, supervised by Prof. A. H. Weston, is the annual publication of the Latin department.

of sixteen or seventeen, sweet, wholesome, full of fun, and to whom the world contains no evil; and, Bobbie, her brother, is a typical Tarkington boy, seventeen, at the age where he takes himself and his clothes very seriously; while their mother, Eve Stanley, is a contented, home-loving woman, colorless and conservative. Her husband, Peter Stanley, is of the old-school, self-satisfied type, conventional in the extreme, and who would view as a radical departure the changing of his brand of cigars.

STADTL ASSISTANT TO PROSECUTOR

Attorney Stanley A. Stadl, law partner of John A. Lonsdorf, district attorney, has been appointed assistant district attorney by Mr. Lonsdorf. Authorization for the appointment of an assistant was given by the county board of supervisors at its November session. He will not only be acting district attorney in Mr. Lonsdorf's absence but will assist him in the work.

Harry Parton visited at the home of Mr. and Mrs. B. W. Heald at Menasha Sunday.

MASTER'S TEACHING WAS KIND USED IN COLLEGE

"This was the same kind of practical teaching as is now used in classroom subjects," declared Prof. John C. Lymer of the department of mathematics on the subject of "The Social Teachings of Jesus" before the college Y. W. C. A. Sunday night.

Prof. Lymer showed that the teaching methods were similar to those used in teaching geometry and algebra in that both apply certain fundamental and unmovable truths to every situation, no matter how simple or complex. His teaching methods were not unusual, but universal and accepted. "The principles of the teachings of Jesus can be seen in everything from the most simple companionship to democratic government," the speaker concluded.

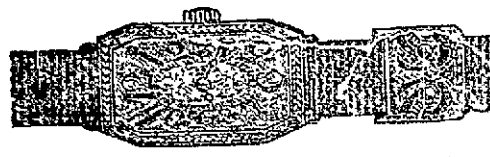

BETTER CITY WORKERS URGED TO GET TOGETHER

Heads of committees of the Better Cities contest are being urged to call their committees together and work out their various schedules as soon as possible by Hugh G. Corbett, secretary of the chamber of commerce. Schedules must be completed and preliminary survey made within a very short time, Mr. Corbett said.

Mrs. Charles Flechtner of Milwaukee, is visiting her mother, Mrs. Elizabeth Kolgen, 878 State-st.

Silk Pajamas

Pajama suits in two-piece styles are made of wash satins, silk radiums and crepe de chine in orchid, peach, flesh and blue. \$12., \$13.50 to \$18.50 a suit.

Pretty new pajama suits in two-piece styles of fine batiste are trimmed with lace and embroidery. They come in peach, orchid, maize and flesh. \$3.75 and \$3.95.

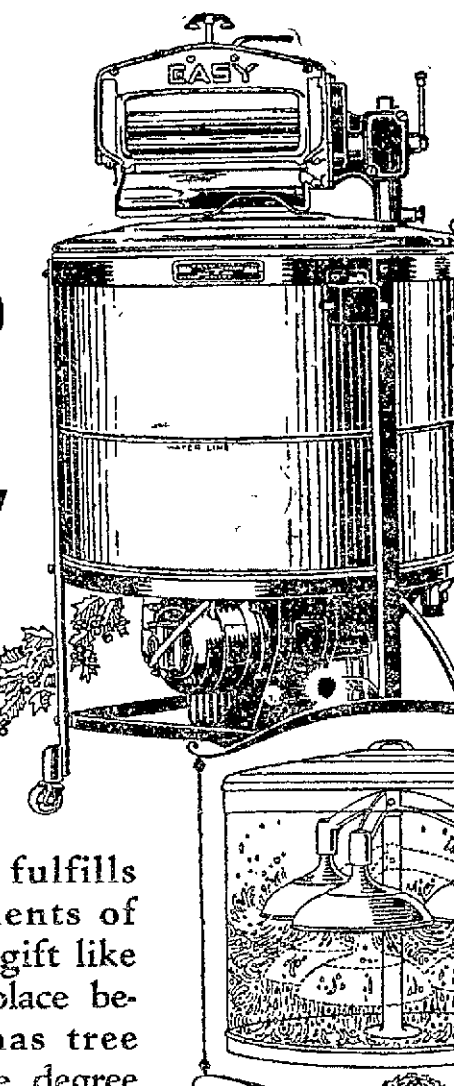

Embroidered—

Philippine hand made gowns of fine materials are shown with either "V", square or round necklines, and in sleeveless, short or three-quarter sleeved styles. \$1.95.

Handmade gowns of fine batiste come in flesh, orchid, peach and white. They are trimmed in quaint hand-embroidery and finished with lovely touches of hand work. \$1.95.

There's no gift like an EASY

Nothing quite fulfills the requirements of a real worth-while gift like an "EASY." Its place beside the Christmas tree indicates a genuine degree of love and thoughtful consideration. Nothing else will make her so happy the whole year 'round as this glistening, sturdy labor saver.

These Large Air Pressure and Suction Cups—
—clean delicate garments gently
—clean soiled garments thoroughly.

Health and strength are not the only things the "EASY" saves. Adding months to the life of winter garments and dollars to the household budget, the "EASY" "carries on" week after week and year after year. Its lightweight, easy-moving Air Pressure and Suction Cups will be a constant source of satisfaction.

Ask us about this practical gift, so easy to buy and so sure to be heartily hailed on Christmas Morning.

The Pettibone-Peabody Co.
